Rule 1.3.1 – Reconsideration of Library Materials

Created: 8-1-2000
Approved 06-16-2023

Overview and General Rules

I. PURPOSE

The purpose of this rule is to provide a process by which a resident of the Library District may request the review of a staff decision regarding the addition or deletion of an item from the Library collections.

II. RULES AND REGULATIONS

It is the goal of the District to provide materials for the interest, information, and enlightenment of all customers. Materials shall not be excluded because of the origin, background, or views of those contributing to their creation.

The District shall provide materials and information presenting varied points of view on current and historical issues. Library materials should meet the standards established in [Administrative Rule 1.3: Collection Development Policy](#) and shall not be removed because of partisan or doctrinal disapproval.

Inclusion of library materials is not an endorsement of content.

Customers wishing to Request Reconsideration of Library Materials must adhere to the following:

1. The customer must be a registered Deschutes Public Library resident card holder.
2. Groups or organizations may not submit a request for Reconsideration of Library Materials.
3. A limit of ONE Request for Reconsideration of Library Materials form may be submitted per month.
4. Each form can only be used for a single title at a time.

III. PROCEDURE

Whenever any customer requests the addition or withdrawal of any library material, the request will be given a fair hearing. A “Request for Reconsideration” will consist of the following procedure:

1. A customer who expresses concerns will be referred to a staff member to respond to questions.
2. The customer will be advised that if they are not satisfied with the verbal response provided by staff, they may choose to initiate a formal review by completing a “Request for Reconsideration of Library Materials” form.
3. Completed “Request for Reconsideration” form will be referred to the Library Director who will assign a professional librarian with relevant expertise to examine or read the item in question, check the reviews, and determine if the item conforms to the standards of materials selection rules consistent with the Administrative Rule: Collection Development Policy
4. No item shall be removed from circulation during the review process.

5. The Library Director will review the recommendation of library staff and make a decision within fourteen days of the written request. The Director will respond in writing to the customer.
6. The Library Director will advise the customer that individuals may request that the Board review the decision of the Director to determine if the Board's Collection Development Executive Limitations Policy has been violated.
7. As stated in the Collection Development Executive Limitations Policy,
 - A Request for Board Review must be signed by a resident of Deschutes County. Groups or organizations may not submit a request for Board review.
 - The Board will review the Request for Board Review and determine if a formal Board review is merited. The Board reserves the right to deny consideration of a Request for Board Review when multiple requests are submitted which would create an unreasonable workload, or when the Board determines that a request lacks sufficient merit.
 - If the Board concludes that the Board will review the request, Board members will review the title in question as well as all materials presented by staff and the customer and discuss the issue during public session of a District Board meeting prior to making a final determination.
