

## HOW TO:

### Use Kanopy on Mobile Devices

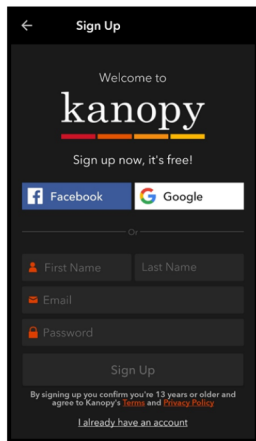

These instructions guide you through the steps needed to download the **Kanopy** app on Apple, Android, and Amazon Fire mobile devices, including tables and smart phones.

#### Follow Kanopy's instructions on installing their app for the following devices:

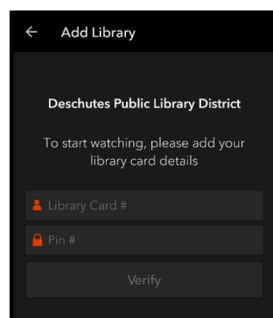

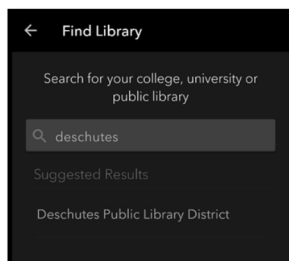

- [iOS- iPhones and iPads](#)
- [Android phones and tablets](#)
- [Amazon Fire tablets](#)

#### Tips

1. Create an account in the app itself! No need to go to the regular website if you haven't already. Make sure to search for Deschutes Public Library when prompted to add your library. Don't forget to have your library card number handy.
  - To set up your account the first time you use Kanopy, choose "I don't have an account" on the main app landing page and input your information

- A verification email will be sent to the email address you provided. Click the link in that email to confirm.
- Navigate back to the app, find, and add your library.

2. Add videos to watch in the future by using your watchlist. Access this list online or in the app.
3. Cast videos from your mobile device to your smart TV as long as you're on the same internet/WiFi. →
4. Search by video title, subjects, people, and companies by clicking the search button.
