

## HOW TO:

### Use Kanopy on Your Smart TV

These instructions guide you through the steps needed to stream **Kanopy** to your smart TV. You first need to have created a Kanopy account.

1. Make sure your smart TV and device (computer, tablet, or smart phone) are on the same WiFi/internet connection.
2. Log in to Kanopy like normal on your computer, tablet, or smart phone.
3. Bring up whatever movie you're wanting to watch.
4. If your TV has casting/mirroring capabilities, select the "cast" icon from the main video play window on your device

5. Many smart TVs allow you to cast to them, while some do not. Check the following list for [instructions from Kanopy](#) on how to use your smart TV with Kanopy:

- [Samsung TV](#)
- [Android TV](#)
- [Amazon Fire TV/Fire TV Stick](#)
- [Apple TV and Airplay](#)
- [Roku](#)
- [Telstra TV](#)
- [Chromecast](#)

6. Don't have a smart TV? You can [use an HDMI cable](#) to watch it on your TV instead.
