Submission of such list is for information and discussion purposes only and not for prequalification. The receipt of such list shall not require the Owner, Owner's Authorized Representative or Architect to investigate the qualifications of proposed Subcontractors and suppliers, nor shall it waive the right of the Owner or Architect later to object to or reject any proposed Subcontractor, supplier, or method of procurement.
- (b) The CM/GC shall provide input to the Owner and the design team regarding current construction market bidding climate, status of key subcontract markets, and other local economic conditions. 3.1.14 CM/GC to review the Geotechnical reports and grading requirements to confirm the plan and strategy for site grading and preparations.

3.2 Construction Phase Services.

3.2.1 Upon execution of an Early Work Amendment or GMP Amendment, the CM/GC shall provide Construction Phase Services as provided in the Contract Documents, including without limitation providing and paying for all materials, tools, equipment, labor and professional and non-professional services, and performing all other acts and supplying all other things necessary to fully and properly perform and complete the Work, as required by the Contract Documents, to furnish to Owner a complete, fully functional Project, capable of being legally occupied and fully used for its intended purposes upon completion of the Contract (or, as to an Early Work Amendment, to furnish such Work as is described in the Early Work Amendment). Construction Phase Services shall include CM Services performed during the Construction Phase.

If the Early Work Price is a not-to-exceed budget, then CM/GC shall be obligated to perform the Early Work only to the extent that the Cost of Work therefor, together with the CM/GC Fee, does not exceed the Early Work Price; however if CM/CG performs Early Work with a cost in excess of the Early Work Price the CM/GC shall pay such excess cost without reimbursement. If one or more Early Work Amendments are executed, the CM/GC shall diligently continue to work toward development of a GMP Amendment acceptable to Owner, which shall incorporate the Early Work Amendments. If Owner thereafter terminates the Contract prior to execution of a GMP Amendment, the provisions of Section 10.F of the General Conditions shall apply.

If an Early Work Amendment is executed, CM/GC shall provide such bond in the amount of the Early

Work Price under the Early Work Amendment. CM/GC shall provide to Owner additional or replacement bonds at the time of execution of any subsequent Early Work Amendment or GMP Amendment, in each case prior to execution of the Amendment and the supplying of any labor or materials for the prosecution of the Work covered by the Amendment, and in each case in a sufficient amount so that the total bonded sum equals or exceeds the total Early Work Price or the GMP, as the case may be. In the event of a Scope Change that increases the GMP, CM/GC shall provide to Owner an additional or supplemental bond in the amount of such increase prior to performance of the additional Work.

When replacements have been approved by Owner, the CM/GC shall provide a transition period of at least 10 Business Days during which the original and replacement personnel shall be working on the Project concurrently. Once a replacement for any of these staff members is authorized, further replacement shall not occur without the written permission of Owner.

ARTICLE 5 DATE OF COMMENCEMENT; SUBSTANTIAL AND FINAL COMPLETION

5.1 Notice to Proceed. If Construction Phase Services are added to the Contract as set forth in Article 3.2, then a notice to proceed will be issued by Owner to begin the designated or full Construction Phase Services ("Notice to Proceed"). It is anticipated that the Notice to Proceed will be issued on or about _____, 20___. A separate Notice to Proceed shall be issued for any and every Early Work Amendment.

5.2 Completion of Project. The CM/GC shall achieve Substantial Completion of the entire **Central Library Contract** not later than _____, 20__.

The CM/GC shall achieve Substantial Completion of the entire Work not later than _____, 20__ and shall achieve Final Completion not later than 30 Days after the earlier of (i) Substantial Completion or (ii) the required date for Substantial Completion.

5.3 Time is of the Essence. All time limits stated in the Contract Documents are of the essence.

Notwithstanding provisions for Contract time extensions in Section 4.B of the General Conditions, Owner and CM/GC agree that timely completion of the Work is essential to the success of the Project, and that approval for time extension shall be granted only as a last resort. CM/GC agrees to make every effort to recover "lost" time.

5.5 Liquidated Damages. The CM/GC acknowledges that the Owner will sustain damages as a result of the CM/GC's failure to substantially complete the Project in accordance with the Contract Documents. These damages may include, but are not limited to delays in completion, use of the Project, and costs associated with Contract administration and use of temporary facilities. The CM/GC and the Owner acknowledge that the actual amount of damages would be difficult or impossible to determine accurately and agree that the following liquidated damages figure represents a reasonable estimate of such damages and is not a penalty:

5.5.1 Liquidated Damages shall be **\$1,000.00** for each day that Substantial Completion exceeds the required date of Substantial Completion. Liquidated Damages shall be an additional **\$1,000.00** for each day that Final Completion exceeds the required date of Final Completion.

5.5.2 The CM/GC agrees to pay to the Owner the liquidated damage sums set forth above for each day of delay or any fraction thereof and further agrees that Owner may deduct such sums from payments the Owner otherwise owes to CM/GC under the Contract. If such deduction does not result in payment to Owner of the assessed liquidated damages in full, CM/GC shall promptly pay any and all remaining sums due to the Owner upon demand.

ARTICLE 6 CONTRACT SUM AND GMP

6.1 Contract Sum. If a GMP Amendment or Early Work Amendment is executed, Owner shall pay the CM/GC, as payment for the Work, the "Contract Sum" which shall equal the sum of the Preconstruction Fee, the CM/GC Fee and the actual Cost of the Work, but not exceeding the GMP.

The GMP shall be determined in accordance with the formula set forth below and as described in Article 6.3. The "Cost of the Work" is defined in Article 8. Costs in excess of the GMP shall be paid by the CM/GC without reimbursement by Owner. Changes to the GMP shall only be authorized by Amendment or Change Order.

Preconstruction Fee	+	CM/GC Fee	+	Estimated Cost of the Work (Est. COW)	=	GMP
Cost Reimbursement		_____ % of Est. COW		Includes CM/GC's Contingency and the		
\$ _____ Maximum		Becomes Lump Sum		Fixed Cost for GC Work		

6.2 Preconstruction Fee. The Preconstruction Fee shall be payable to CM/GC on a cost reimbursement basis up to a maximum sum of \$ _____, which shall cover constructability review, value engineering, cost estimating, development of GMP, and all other Preconstruction Phase Services, as described in Article 3. If CM/GC's costs for provision of Preconstruction

Phase Services exceed the maximum Preconstruction Fee, CM/GC shall pay such additional cost without reimbursement. CM/GC shall not be entitled to any CM/GC Fee based upon the Preconstruction Fee. Owner shall pay the Preconstruction Fee on a cost-reimbursement basis with each application for payment during the Preconstruction Phase. If the total actual Preconstruction Fee is less than the maximum Preconstruction Fee used for initial calculation of the GMP as provided above, the GMP shall be reduced by the difference; provided that Owner may direct instead that any applied portion of the maximum Preconstruction Fee be applied to Construction Phase Services, in which case the GMP shall not be reduced by the portion so applied. Except to the extent the parties may expressly agree to the contrary in the GMP Amendment, no Preconstruction Fee or other fee, compensation or reimbursement shall be payable to CM/GC with respect to Preconstruction Services performed after execution of the GMP Amendment.

6.3 Establishment of CM/GC Fee; Adjustments to CM/GC Fee.

6.3.1 The “CM/GC Fee” shall be a fixed dollar lump sum to be identified in the GMP Amendment, and shall be calculated as ___% of the Estimated Cost of the Work at the time of establishment of the GMP. In making such calculation, the Estimated Cost of the Work shall exclude the Preconstruction Fee, the CM/GC Fee itself, and any other cost or charge for which this Contract states is not to be included in calculating the CM/GC Fee, but shall include Allowances, selected alternates, Fixed Cost for GC Work, and reasonable CM/GC contingencies as designated in the GMP Supporting Documents. The CM/GC Fee is inclusive of profit, overhead (including corporate activity and other taxes), and all other indirect or non-reimbursable costs. Owner shall pay the CM/GC Fee ratably with each application for payment during the Construction Phase. In the case of Early Work, the CM/CG Fee shall be the above percentage multiplied by the actual Cost of the Early Work, until such time as a GMP Amendment is executed, at which time such CM/GC Fee shall be expressed as a fixed amount and payments shall be credited against the CM/GC Fee fixed therein.

6.3.2 Notwithstanding any provision of Section 4.A of the General Conditions to the contrary, and unless the parties agree in writing to the contrary, any Amendment or Change Order that increases or decreases the GMP shall adjust the CM/GC Fee then in effect by multiplying the percentage shown in Article 6.3.1 by the change in the Estimated Cost of the Work reflected in such approved Amendment or Change Order. In addition, if the Contract is terminated for any reason prior to full completion of the Work (including, without limitation, termination during or following performance of Early Work), the CM/GC Fee shall be limited to the total CM/GC Fee multiplied by the percentage of Work completed and accepted at the time of termination. The CM/GC Fee shall not be subject to adjustment for any other reason, including, without limitation, schedule extensions or adjustments, Project delays, unanticipated costs, or unforeseen conditions.

6.4 Determination of GMP.

6.4.1 CM/GC shall deliver to Owner a proposed GMP and GMP Supporting Documents by _____, 202___. If any actual subcontract Offers are available at the time the GMP is being established, CM/GC shall use those subcontract Offers in establishing the GMP.

- 6.4.2** As the Plans and Specifications may not be developed to the stage of biddable design documents at the time the GMP proposal is prepared, the CM/GC shall provide in the GMP for further development of the Plans and Specifications by the Architect that is consistent with the Contract Documents and reasonably inferable construction industry standards therefrom. Such further development does not include such things as changes in scope, systems, kinds and quality of materials, finishes or equipment, all of which, if required, shall be incorporated by Change Order or Amendment with a corresponding GMP adjustment.
- 6.4.3** The CM/GC shall include with its GMP proposal a written statement of its basis (the “GMP Supporting Documents”). This statement shall state what is included and excluded as defined in Article 8 “Cost of Work” and Article 9 “Costs excluded from the cost of the work” and shall also include:
- (a) A list of the Plans and Specifications, including all addenda thereto and the conditions of the Contract, which were used in preparation of the GMP proposal.
 - (b) A list of allowances and a statement of their basis.
 - (c) A list of the clarifications and assumptions made by the CM/GC in the preparation of the GMP proposal to supplement the information contained in the Plans and Specifications.
 - (d) The proposed GMP, including a statement of the estimated cost organized by trade categories, allowances, contingency, and other items and the associated fees that comprise the GMP.
 - (e) The Date of Substantial Completion and detailed construction schedule upon which the proposed GMP is based, and a schedule of the Construction Documents issuance dates upon which the date of Substantial Completion is based.
- 6.4.4** The CM/GC shall meet with the Owner and Architect to review the GMP proposal and the written statement of its basis. If the Owner or Architect discovers any inconsistencies or inaccuracies in the information presented, they shall promptly notify the CM/GC, who shall make appropriate adjustments to the GMP proposal, its basis or both.
- 6.4.5** Prior to the Owner's acceptance of the CM/GC's GMP proposal and issuance of a Notice to Proceed, the CM/GC shall not incur any cost to be reimbursed as part of the Cost of the Work, except as specifically provided in an Early Work Amendment.
- 6.4.6** The Owner shall authorize and cause the Architect to revise the Plans and Specifications to the extent necessary to reflect the agreed-upon assumptions and clarifications contained in the GMP Amendment. Such revised Plans and Specifications shall be furnished to the CM/GC in accordance with schedules agreed to by the Owner, Architect and CM/GC. The CM/GC shall promptly notify the Architect and Owner if such revised Plans and Specifications are inconsistent with the agreed-upon assumptions and clarifications.

- 6.4.7** The GMP shall include in the Cost of the Work only those taxes which are enacted at the time the GMP is established.
- 6.4.8** The Estimated Cost of the Work shall include the CM/GC's contingency, a sum established by the CM/GC for the CM/GC's exclusive use to cover additional development of Plans and Specifications and unforeseen costs which are properly reimbursable as Cost of the Work but which are not the basis for a Change Order.
- 6.4.9** The CM/GC shall work with the Architect and Owner to identify and confirm components and systems not specifically shown but required for a complete, fully functional Project. Owner will direct the Architect to complete the final Construction Documents in accordance with the Project scope agreed upon by all parties at the time the GMP is established.
- 6.4.10** Notwithstanding the level of detail represented in the GMP Supporting Documents, the CM/GC shall represent and warrant, at the time that it submits the GMP, that the GMP includes the entire cost of all components and systems required for a complete, fully functional facility.
- 6.4.11** In developing the GMP, the CM/GC shall include and identify such contingencies within the GMP as may be necessary to pay for unforeseen elements that are required for a complete, fully functional facility.

6.5 Failure to Furnish an Acceptable GMP. If the CM/GC does not furnish a GMP acceptable to Owner within Owner's Target GMP Range, or if Owner determines at any time in its sole discretion that the parties may fail to reach a timely agreement on a GMP acceptable to Owner, Owner may terminate this Contract without liability, and the CM/GC shall not receive additional compensation beyond the Preconstruction Fee under this Contract and sums due under any Early Work Amendment. Termination under this provision shall proceed under Section 10.E.of the General Conditions as a termination for Owner's convenience. CM/GC further agrees that Owner shall not be liable for any damages whether actual, consequential or otherwise for termination of the Contract under this provision.

6.6 Acceptance of GMP. Upon acceptance of the GMP by Owner, the parties shall execute a GMP Amendment.

6.7 Owner Savings. If the sum of the Preconstruction Fee, plus the CM/GC Fee, plus the actual and final Cost of the Work (the Contract Sum as defined in Article 6.1), is less than the GMP, the savings shall accrue to the Owner.

6.8 Allowance Work.

6.8.1 CM/GC shall not perform any Allowance Work without prior execution by Owner of a Change Order approving the Specifications for the Allowance Work and the price thereof.

- 6.8.2** Owner shall be entitled to apply any Allowance line items that are not fully expended to other line item Allowances that have been fully expended, without any resulting increase in the GMP.
- 6.8.3** If the total Cost of the Allowance Work exceeds the total Allowances within the GMP, CM/GC shall not perform any Allowance Work in excess of such amount until either (i) the parties agree that the additional Allowance work will be performed within the then-current GMP or (ii) a GMP Amendment is executed to increase the GMP by the excess cost of the Allowance work.
- 6.8.4** The Contract Sum shall not include any Allowance items not identified in the GMP Amendment or the GMP Supporting Documents until such allowance item is reduced to a fixed price by Change Order or Amendment.
- 6.8.5** If at the Final Completion of the Project, any portion of the Allowance funds remains unexpended, the GMP shall be reduced by a corresponding amount via a Change Order or Amendment.

6.9 Reallocating Projected Cost Underruns after Bid (Offer) Buyout. As soon as possible after the awarding of the Work to the primary Subcontractors, CM/GC shall review projected costs and provide the Owner with a buy-out status report showing any projected cost underruns, reconciling accepted Offers and other reasonably anticipated costs, to the cost estimate used by CM/GC to establish the GMP. CM/GC shall include with its report any underlying documentation requested by Owner used to develop or support such report. CM/GC shall also consider the reduced risk associated with known subcontracting costs, and the impact that reduced risk has on the amount of the CM/GC's Contingency. The parties shall negotiate in good faith to execute a Change Order transferring an appropriate portion of any projected cost underruns to an Owner-controlled contingency fund to be held within the GMP to pay for additional costs arising from (a) any Owner-directed or approved change to the Work, (b) schedule changes that would otherwise entitle CM/GC to an increase in the GMP, (c) Allowance items after exhaustion of all Allowances, (d) selection by Owner of more expensive alternates than those used for calculation of the GMP, (e) Owner selection of substitutions that increase the Cost of the Work, or (f) any other costs which otherwise would entitle CM/GC to an increase in the GMP. Any transfer of projected cost underruns from CM/GC's contingency to the Owner-controlled contingency fund will not affect CM/GC's obligation to complete the Project within the GMP.

ARTICLE 7 **CHANGES IN THE WORK**

7.1 Price Adjustments. Adjustments to the Estimated Cost of the Work required by changes in the Work shall be determined by any of the methods listed in Section 4 of the General Conditions, except that, unless the adjustment is based upon fixed pricing or unit pricing:

- 7.1.1** The overhead and profit markup for the CM/GC shall be limited to the CM/GC Fee adjustment, if any, permitted under Article 6.3.2 of this Contract;

- 7.1.2** The increase or decrease in the Estimated Cost of the Work, other than for subcontract work, shall be calculated pursuant to Articles 8 and 9 of this Contract, instead of being based on CM/GC's Direct Costs as defined in the General Conditions; and
- 7.1.3** In calculating adjustments to subcontracts, unless the parties agree otherwise, the change shall be limited to the Subcontractor's Direct Costs plus the supplemental mark-up provided in Section 4 of the General Conditions, and shall not be modified by Articles 8 and 9 of this Contract.

7.2 Adjustments to GMP. Adjustments to the GMP after execution of the GMP Amendment may be made only (i) in the event of Scope Changes or (ii) as otherwise expressly provided in this Contract, and then only in accordance with the following procedure:

- 7.2.1** CM/GC shall review subsequent iterations of the Plans and Specifications as they are prepared to determine whether, in the opinion of CM/GC, they result in a Scope Change so that it can be determined if an adjustment to the GMP is warranted.
- 7.2.2** Changes to the GMP shall be initiated by written notice by one party to the other (“GMP Change Request”). CM/GC shall deliver any such GMP Change Request to Architect and Owner’s Authorized Representative promptly after becoming aware of any Scope Change if, in CM/GC’s opinion, it constitutes grounds for adjustment of the GMP. Any GMP Change Request shall include a proposal as to the appropriate GMP adjustment with respect to the Scope Change at issue.
- 7.2.3** CM/GC shall submit its GMP Change Requests as soon as possible, and CM/GC shall not be entitled to claim a GMP increase unless CM/GC submitted a GMP Change Request to Owner’s Authorized Representative and to Architect within the earlier of (a) 30 Days after CM/GC has received the information constituting the basis for the claim, or (b) as to Work not yet bid or proposed, prior to submission of solicitations for such Work and as to Work already solicited, prior to commencement of the portion of the Work for which CM/GC intends to claim a Scope Change; and (c) in any event, prior to CM/GC's signing of a Change Order for the Scope Change.
- 7.2.4** Owner may, at any time, submit a GMP Change Request requesting a reduction of the GMP, which shall include Owner's basis for such request, which may include, for example, reduction of the CM/GC’s Contingency after further development of the Plans and Specifications that form the basis for the original GMP Amendment, and/or unused Allowances.
- 7.2.5** CM/GC shall work with Architect to reconcile all differences in its GMP Change Request with Architect within seven Days from the date of submission of the GMP Change Request. “Reconciled” means that the CM/GC and Architect have verified that their assumptions about the various categories are the same, and that identifies the reason for differences in the GMP Change Request and the Architect's position. CM/GC shall submit the Reconciled GMP Change Request to Owner, which submission shall be a condition to any CM/GC claim for a GMP increase.

- 7.2.6** If the Reconciled GMP Change Request is not acceptable to Owner, CM/GC agrees to work with the Owner and the Architect to provide a GMP Change Request that is acceptable to Owner.
- 7.2.7** CM/GC agrees to make all records, calculations, drawings and similar items relating to GMP Change Request available to Owner and to allow Architect and Owner access and opportunity to view such documents at CM/GC's offices. Upon Owner's reasonable notice, CM/GC shall deliver two copies of such documents to Owner and Architect at any regular meeting or at the Site.
- 7.2.8** GMP increases, if any, shall not exceed the increased Cost of the Work arising from the Scope Change (whether based on agreed fixed pricing, or the estimated Cost of the Work increase based on cost-reimbursable pricing), reconciled in accordance with the above provisions, as arising from the incident justifying the GMP increase, plus or minus the CM/GC Fee applicable to such change in the Cost of the Work.
- 7.2.9** Except as provided in this Article 7.2, adjustments to the GMP shall be reconciled in accordance with Section 4 of the General Conditions.

7.3 Execution by Owner. If Architect or Project Manager is not the Owner's Authorized Representative, then notwithstanding any provision in the Contract to the contrary, Architect or Project Manager has no authority to execute Change Orders or Amendments on behalf of Owner, and only duly authorized personnel of Owner may do so.

ARTICLE 8
COST OF THE WORK
(To Be Reimbursed)

8.1 Cost of the Work. The term "Cost of the Work" shall mean the following costs. The Cost of the Work shall include only those items necessarily and reasonably incurred by CM/GC in the proper performance of the Work and specifically identified in this Article 8, and only to the extent that they are directly related to the Project.

8.2 Labor Costs.

- 8.2.1** Wages of construction workers directly employed by the CM/GC to perform the construction of the Work at the site.
- 8.2.2** With Owner's prior written approval, and only for that portion of their time directly required for the Work, wages and salaries of the CM/GC's supervisory and administrative personnel (i) stationed at the site, or (ii) engaged at factories, workshops or on the road, in expediting the production or transportation of materials or equipment required for the Work with Owner, or otherwise engaged and off the site when specifically related to the Project.
- 8.2.3** Fringe benefit costs paid or incurred by the CM/GC for taxes, insurance, contributions, assessments and benefits required by law or collective bargaining contracts and, for personnel not covered by such contracts, customary benefits such as sick leave, medical

and health benefits, holidays, vacations and pensions, provided such costs are based on wages and salaries included in the Cost of the Work under Articles 8.2.1 through 8.2.2.

8.3 Subcontract Costs.

8.3.1 CM/GC's actual payment to Subcontractors pursuant to CM/GC's contract with such Subcontractor for the Work on the Project. No amount paid by or payable to any such Subcontractor other than the fixed or cost reimbursement price of its subcontract shall be included in the Cost of the Work, unless otherwise approved in writing by Owner.

8.4 Costs of Materials and Equipment Incorporated in the Work or Stored On Site.

8.4.1 Costs, including transportation, of materials and equipment incorporated or to be incorporated in the completed Work.

8.4.2 Costs of materials in excess of those actually installed, but required to provide reasonable allowance for waste and for spoilage. Unused excess materials, if any, shall be delivered to Owner at the completion of the Work or, at Owner's option, shall be sold by the CM/GC. Any sale shall be commercially reasonable and CM/GC shall provide accounting for such a sale within 15 Days of the transaction. Net amounts realized, if any, from such sales shall be credited to Owner as a deduction from the Cost of the Work.

8.5 Costs of Miscellaneous Equipment and Other Items; Equipment Rental Charges.

8.5.1 Costs, including transportation, installation, maintenance, dismantling and removal, of materials, supplies, temporary facilities, machinery, equipment, and hand tools not customarily owned by the construction workers, which are provided by the CM/GC at the site and fully consumed in the performance of the Work; and cost less salvage value on such items if not fully consumed, whether sold to others or retained by the CM/GC; provided that Owner at Owner's option may require that CM/GC deliver to Owner (at no charge) at the end of the Project any of such items procured for this Project. Cost for items previously used by the CM/GC shall mean fair market value. CM/GC shall charge no additional administrative or other mark-up for purchased items. The CM/GC shall document all small tools purchased for the Project via invoices in monthly billing, and shall document the disposition of small tools which have an individual price that exceeds \$100. A copy of such disposition log shall accompany the payment application whenever these items are included in the application.

8.5.2 Rental charges for temporary facilities, machinery, equipment and hand tools not customarily owned by the construction workers, which are provided by the CM/GC at the site, whether rented from the CM/GC or others, and costs of transportation, installation, minor repairs and replacements, dismantling and removal thereof. Rates and quantities of equipment rented shall be according to industry standards, shall not exceed 100% of the rental rates published from time to time by the American Association of Equipment dealers in effect at the time of rental, shall not exceed acquisition costs, and for individual items exceeding \$10,000, will be subject to Owner's prior approval. CM/GC shall deliver to Owner a list of published rates from time to time at Owner's request. For all items

rented or leased, the CM/GC shall charge Owner only the rental charge incurred by CM/GC with no additional administrative or other mark-up. CM/GC shall make efforts and use its best skills and judgement to procure equipment in the most expeditious and economical manner consistent with the interest of the Owner. Efforts shall include, but not be limited to, providing Owner with a rent/buy analysis so that Owner may elect for CM/GC to procure the item in lieu of rental if the facility at issue is expected to be rented for six months or longer. Such rent/buy analysis shall include, where available, a leasing rate commensurate with the expected term of rental of the facility at issue. Inclusions to and exclusions from rental rates will be made in accordance with American Association of Equipment Dealer standards.

8.5.3 Costs of removal of debris from the site.

8.5.4 Cost of telegrams and long-distance telephone calls, postage and parcel delivery charges, telephone service at the site and reasonable petty cash expenses of the site office, which are solely for the benefit of the Work.

8.5.5 That portion of the travel and subsistence expenses of the CM/GC's personnel determined by Owner to be reasonable and necessary, at Owner approved rates, incurred while traveling in discharge of duties connected with the Work. Main office staff travel shall not be reimbursed unless approved in advance by Owner. These travel costs shall be reimbursed only to the extent allowed under Owner's travel reimbursement guidelines applicable to Owner and only at approved travel rates. CM/GC personnel who are scheduled to work at the Project site for less than six months may receive a subsistence per diem approved by the Owner in accordance with District Travel Rules if their place of residence is greater than 100 miles from the Project site; provided no such personnel shall be entitled to such per diem reimbursement beyond such six-month period.

8.6 Other Costs.

8.6.1 That portion of premiums for insurance directly attributable to this Contract, specifically, builders all/risk insurance, including the deductible (but excluding premiums for comprehensive/commercial general liability, automobile and worker's compensation coverage which the Owner does not consider Project specific), and payment and performance bonds as required by Section 7.B. of the General Conditions (but excluding premiums for Subcontractor bonds unless authorized by Owner).

8.6.2 Sales, use or similar excise taxes imposed by a governmental authority which are directly related to the Work and for which the CM/GC is liable.

8.6.3 Fees and assessments for the building permit and for other permits, licenses and inspections for which the CM/GC is required by the Contract Documents to pay.

8.6.4 CM/GC deposits lost for causes other than the CM/GC's fault or negligence.

8.6.5 Safety incentive plans developed and managed by the CM/GC for the benefit of the project as approved by the owner.

8.6.6 Costs of drawings, Specifications and other documents required to complete the Work, except as provided by Owner or Architect.

8.6.7 Other costs incurred in the performance of the Work if and to the extent approved in advance in writing by Owner.

8.7 Repairs to Damaged, Defective or Nonconforming Work. The Cost of the Work shall also include costs which are incurred by the CM/GC in taking action to prevent threatened damage, injury or loss in case of an emergency affecting the safety of persons and property.

8.8 Fixed Cost For General Conditions Work. CM/GC shall be paid a fixed sum of \$_____ as payment for the GC Work, including all labor, materials, and direct and indirect costs thereof. To the extent any GC Work is otherwise described above in this Article 8, CM/GC's compensation for the same is included in the Fixed Cost for GC Work and shall not otherwise be charged as Cost of the Work. The Fixed Cost for GC Work, less 5% retainage thereon, shall be paid in equal installments monthly over the number of months of the scheduled Construction Phase, commencing with the first progress billing after commencement of the scheduled Construction Phase. However, no adjustment in the amount payable for General Conditions Work will be made if the actual construction period is shorter or longer than the number of months scheduled for the Construction Phase, unless the construction period is extended because of an Owner-requested delay.

ARTICLE 9
COSTS EXCLUDED FROM COST OF WORK
(Not To Be Reimbursed)

9.1 Costs Excluded from Cost of Work. The following shall not be included in the Cost of the Work:

9.1.1 Salaries and other compensation of the CM/GC's personnel stationed at the CM/GC's principal office or offices other than the site office except as allowed under Articles 8.2.2 and 8.2.3.

9.1.2 Expenses of the CM/GC's principal office and offices other than the site office.

9.1.3 Any overhead and general expenses, except as may be expressly included in Article 8.

9.1.4 CM/GC's capital expenses, including interest on the CM/GC's capital employed for the Work.

9.1.5 Rental cost of machinery and equipment, except as provided in Article 8.5.2

9.1.6 Any cost associated with the Project not specifically and expressly described in Article 8.

9.1.7 Costs due to the fault or negligence of the CM/GC, Subcontractors, suppliers, anyone directly or indirectly employed by any of them, or for whose acts any of them may be liable.

- 9.1.8 The cost of correction of any repair work including reinspection fees, nonconforming or defective work, or warranty work.
- 9.1.9 Merit, safety, or other incentive payments, bonuses or awards, or any expenses in connection therewith, except as approved under Article 8.6.5.
- 9.1.10 Fines and penalties.
- 9.1.11 Except for Early Work, the cost of Preconstruction Phase Services.
- 9.1.12 The Cost of the Work for GC Work in excess of the Fixed Cost for GC Work.
- 9.1.13 Any costs in excess of the GMP.

ARTICLE 10
DISCOUNTS, REBATES AND REFUNDS

10.1 Discounts, Rebates and Refunds. Cash discounts obtained on payments made by the CM/GC shall accrue to Owner. Trade discounts, rebates, refunds and net amounts received from sales of surplus materials and equipment shall accrue to Owner, and the CM/GC shall make provisions so that they can be secured.

10.2 Amounts Credited to Owner. Amounts which accrue to Owner in accordance with the provisions of Article 10.1 shall be credited to Owner as a deduction from the Cost of the Work.

ARTICLE 11
SUBCONTRACTS AND OTHER CONTRACTS

11.1 General Subcontracting Requirements.

11.1.1 Other than Work performed pursuant to Articles 11.4 or 11.5 of this Contract, CM/GC shall subcontract the Work to Subcontractors other than the CM/GC and its Affiliates.

11.1.2 The CM/GC shall comply with Owner's Public Contracting Rules and Oregon Administrative Rules ("OAR"), to the extent applicable, in all respects for the solicitation of Minority, Women and Emerging Small Business Enterprises. Compliance shall include pass-through requirements for Subcontractor demonstrations of good faith efforts for all subcontract Offer packages, for which set goals shall not be utilized.

11.1.3 The CM/GC shall report to Owner on the results of the good faith efforts of compliance required in Article 11.1.2 following award of all subcontracts. The CM/GC shall also submit quarterly reports to Owner listing Work contracted to date with Minority, Women and Emerging Small Business Enterprises.

11.2 CM/GC's Obligations under Subcontracts.

11.2.1 No use of a Subcontractor or supplier shall relieve the CM/GC of any of its obligations or liabilities under the Contract. Except as may expressly otherwise be provided in this

Contract, the CM/GC shall be fully responsible and liable for the acts or omissions of all Subcontractors and suppliers including persons directly or indirectly employed by them. The CM/GC shall have sole responsibility for managing and coordinating the operations of its Subcontractors and suppliers, including the settlement of disputes with or between the CM/GC and any such Subcontractor or supplier.

11.2.2 The CM/GC shall include in each subcontract and require each Subcontractor to include in any lower tier subcontract, any provisions necessary to make all of the provisions of the Contract Documents, including the General Conditions, fully effective as applied to Subcontractors. CM/GC shall indemnify Owner for any additional cost based on a subcontractor claim which results from the failure of CM/GC to incorporate the provisions of this Contract in each subcontract. The CM/GC shall provide all necessary Plans, Specifications, and instructions to its suppliers and Subcontractors to enable them to properly perform their work.

11.2.3 Retainage from Subcontractors. Except with the Owner's prior approval, payments to Subcontractors shall be subject to retainage of no more than 5%. The Owner and the CM/GC shall agree upon a mutually acceptable procedure for review and approval of payments and retainage for Subcontractors.

11.3 Subcontractor Selection.

11.3.1 Unless otherwise provided under this Article 11, the selection of all Subcontractors and suppliers shall be made by competitive Offers in a manner that will not encourage favoritism or substantially diminish competition. While not subject to the competitive procurement requirements of ORS Chapters 279A, 279B, or 279C, the process shall conform to the following procedures, in general compliance with the open and competitive nature of public procurement, taking into account industry subcontracting practices.

11.3.2 CM/GC shall submit to Owner's Authorized Representative its proposed procurement documents for review and comment before they are issued for solicitation. CM/GC shall consider and respond to all Owner comments regarding any proposed Offer packages. As Offers are received, CM/GC shall submit to the Owner an Offer comparison in a mutually agreeable form together with any specific back-up requested by Owner. The competitive process used to award subcontracts by the CM/GC may be monitored by the Owner's Authorized Representative; provided that such monitoring shall not excuse CM/GC from compliance with the subcontracting requirements of this Contract. CM/GC shall cooperate in all respects with Owner's monitoring. The Owner's Authorized Representative shall be advised in advance of and be given the opportunity to be present at Offer openings, and CM/GC shall provide him or her with a summary or abstract of all Offers in form acceptable to the Owner's Authorized Representative, and copies of particular Offers if requested, prior to CM/GC's selection of Offerors. Prior to opening Offers, the CM/GC agrees to disclose in writing to Owner any financial interest it has in any such Subcontractor, supplier or other contracting party whenever such Subcontractor, supplier or contracting party intends to compete on any Project work, directly or indirectly, including whether such party is an Affiliate of CM/GC.

11.3.3 The following minimum requirements apply to the Subcontract solicitation process:

- (a) Solicitations will be advertised at least 10 Days prior to opening in the Daily Journal of Commerce and at least one other newspaper specifically targeted to reach the Minority, Women and Emerging Small Business audience. CM/GC also agrees to advertise in a local community newspaper in the area in which the Project is located, in order to allow for local participation in the solicitation process.
- (b) Unless specific other prior arrangement has been made with Owner, all Offers will be written, and submitted to a specific location at a specific time. CM/GC shall time-stamp all Offers as received. Subcontractors must be qualified to perform the Work for this Project by being appropriately registered with the State of Oregon Construction Contractors Board.
- (c) If fewer than three (3) Offers are submitted in response to any solicitation (inclusive of any Offer submitted by CM/GC), prior written approval by Owner shall be required to accept the Offer.
- (d) CM/GC may develop and implement a prequalification process for particular solicitations, followed by selection of successful Offers among those Offerors that CM/GC determines meet the prequalification standards, with Owner's prior written approval of such prequalification process.
- (e) CM/GC shall comply, and require Subcontractor compliance with, State of Oregon Bureau of Labor & Industries prevailing wage rates as specified in the RFP.
- (f) Owner may at its sole discretion, require CM/GC to re-solicit for Offers based on the same or modified documents.
- (g) CM/GC shall review all Offers and shall work with Offerors to clarify Offers, reducing and capturing exclusions, verify scope and quantities, and seek to minimize work subsequently awarded via the Change Order process.
- (h) The CM/GC will document any and all discussions, questions and answers, modifications and responses to from any Offeror and ensure that the same are distributed to all Offerors, and Owner shall be entitled to inspect such documentation on request.
- (i) CM/GC shall determine the lowest Offer for each solicitation that meets CM/GC's reasonable performance standards for the components of the Work at issue; provided that if CM/GC determines it is unable to execute a suitable subcontract with such Offeror, CM/GC may, with Owner's prior approval, execute a subcontract with the second-lowest Offeror pursuant to Article 11.3.4 below.

11.3.4 Under special circumstances and only with prior written authorization by Owner, Work may be subcontracted on other than a low price basis, including without limitation, through competitive negotiation. As a condition to its authorization, Owner may require CM/GC's agreement to establish and implement qualification and performance criteria for Offerors, including a scoring system within requests for proposals. Examples include: where there are single fabricators of materials; special packaging requirements for Subcontractor work; design-build work or, where an alternative contracting method can be demonstrated to clearly benefit Owner.

11.3.5 CM/GC shall notify Owner in writing in advance before award of any proposed Subcontract, which notice shall include summaries in a form acceptable to Owner of all Offers received for the Subcontract at issue. Owner reserves the right to disapprove any proposed Subcontractors, suppliers and Subcontract or supply contract awards, based on legal standards of responsibility. Owner shall not unreasonably disapprove any proposed Subcontractor or supplier and increased costs due to Owner's disapproval shall be cause for an increase in the GMP.

11.3.6 Subject to the requirements or limitations of Oregon's public information laws, CM/GC's subcontracting records shall not be considered public records; provided, however, that Owner and other agencies of the State shall retain the right to audit and monitor the subcontracting process in order to protect the Owner's interests.

11.4 CM/GC Field Work.

11.4.1 The CM/GC or its Affiliate may provide CM/GC Field Work required to complete the Project with its own forces, without the necessity of subcontracting such work.

11.4.2 Except as provided in Article 11.4.1, any other portion of the Work proposed to be performed by CM/GC or any Affiliate, including without limitation provision of any materials, equipment, or supplies, shall be subject to the provisions of Article 11.5.

11.5 Subcontracting by CM/GC.

11.5.1 Except to the extent otherwise approved in advance in writing by Owner's Authorized Representative, the CM/GC or its Affiliates may submit an Offer in accordance with Article 11.3 to do Work with its own forces, provided at least 50% of the labor by such work unit is performed by employees of the CM/GC or such Affiliate.

11.5.2 For those items for which the CM/GC or any of its subsidiaries intends to submit an Offer, such intent must be publicly announced with the solicitation for Offers required by Article 11.3.1, and Owner notified in writing. All Offers for this work shall be delivered to Owner and publicly opened by Owner at an announced time, date, and place.

11.6 Protests. CM/GC, acting as an independent contractor, shall include in the competitive process to award all subcontracts, a protest process for Subcontractors and suppliers that are competing Offerors, which process shall be subject to approval by Owner. CM/GC shall be solely responsible for resolving the procurement protests of Subcontractors and suppliers. CM/GC shall indemnify, defend, protect and hold harmless Owner from and against any such

procurement protests and resulting claims or litigation. CM/GC shall act as an independent contractor, and not an agent of Owner, in connection with any procurement protest. The provisions of this Article 11 are solely for the benefit of Owner, and do not grant any rights or remedies (including third party beneficiary rights) to any Offer or other protester, in connection with any procurement protest or claim.

ARTICLE 12 **ACCOUNTING RECORDS**

12.1 Accounting; Audit Access. The CM/GC shall keep full and detailed accounts and exercise such controls as may be necessary for proper financial management under this Contract; the accounting and control systems shall be satisfactory to Owner. Owner and Owner's representatives, including the accountants and auditors, shall be afforded reasonable and regular access to the CM/GC's records, books, correspondence, instructions, drawings, receipts, subcontracts, purchase orders, vouchers, memoranda and other data relating to this Contract, and the CM/GC shall preserve these for a period of three years after final payment, or for such longer period as may be required by law.

12.2 Periodic and Final Audits. Owner may, at its discretion, perform periodic audits of the Cost of the Work and any other reimbursable costs associated with the Project. Owner intends to conduct a final audit of reimbursable costs prior to the Contract closeout. The CM/GC shall cooperate fully with Owner in the performance of such audits. Disputes over audit findings or conclusions shall be subject to the process set forth in Article 14.4.

ARTICLE 13 **PROGRESS PAYMENTS**

13.1 Integration with General Conditions. The requirements of this Article 13 and Article 14 are in addition to, and not in lieu of, the requirements of Section 5 of the General Conditions. In the event of conflict between the provisions of Articles 13 and 14 and Section 5, the provision more favorable to Owner shall control. Without limitation, the provisions of Articles 13.3 and 13.4 shall control over the corresponding provisions of Section 5.B of the General Conditions.

13.2 Progress Payments. Based upon applications for payment submitted pursuant to Section 5.B of the General Conditions, Owner shall make progress payments on account of the Preconstruction Fee, Cost of the Work, and associated CM/GC Fee, less 5% retainage, to the CM/GC as provided below and elsewhere in the Contract Documents. A progress payment shall not be considered acceptance or approval of any Work or waiver of any defects therein.

13.3 Percentage of Completion. Applications for payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the application for payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed; or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the CM/GC on account of that portion of the Work for which the CM/GC has made or intends to make actual payment prior to the next application for payment by (b) the share of the GMP allocated to that portion of the Work in the Schedule of Values.

13.4 Calculation of Payment. Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

- (a) Take that portion of the GMP properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work under the Schedule of Values by the share of the GMP allocated to that portion of the Work in the Schedule of Values. Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute shall be included;
- (b) Add that portion of the GMP properly allocable to materials and equipment delivered and suitably stored and otherwise in compliance with Section 5.B.3. of the General Conditions;
- (c) Add the CM/GC's Fee. The portion of the CM/GC's Fee payable shall be an amount that bears the same ratio to CM/GC Fee as sum of the amounts in the two preceding Clauses bears to the estimated probable Cost of the Work described in Article 6.1.2, but in no event causing total CM/GC Fee payments to exceed the total CM/GC Fee;
- (d) Subtract the aggregate of previous payments made by and retained by the Owner;
- (e) Subtract the shortfall, if any, indicated by the documentation required to substantiate prior applications for payment, or resulting from errors subsequently discovered by the Owner in such documentation;
- (f) Subtract any amounts for which the Owner's Authorized Representative has withheld or nullified payment as provided in the Contract Documents; and
- (g) Subtract 5% retainage on the entire progress payment.

ARTICLE 14 **FINAL PAYMENT**

14.1 Final Payment Accounting. CM/GC shall submit to Owner a final detailed accounting of the Cost of the Work together with CM/GC's final application for payment.

14.2 Calculation of Final Payment. The amount of the final payment shall be calculated as follows:

14.2.1 Take the sum of the CM/GC Fee, plus the Preconstruction Fee, plus the actual Cost of the Work substantiated by the CM/GC's final accounting. Said sum shall not exceed the GMP.

14.2.2 Subtract amounts, if any, for which the Owner's Authorized Representative withholds, in whole or in part, approval of payment.

14.2.3 Subtract the aggregate of previous payments made by Owner to CM/GC. If the aggregate of previous payments made by Owner exceeds the amount due the CM/GC, the CM/GC shall reimburse the difference to Owner within 30 Days with interest at the rate applicable to Owner payments under the General Conditions.

14.3 Final Payment Review. Owner or its accountants will review and report in writing on the CM/GC's final accounting within 30 Days after delivery of the final accounting by the CM/GC. Based upon such Cost of the Work as Owner or Owner's accountants report to be substantiated by the CM/GC's final accounting, and provided the other conditions of this Contract have been met, the Owner's Authorized Representative will, within 10 Days after receipt of the written report of Owner's accountants, either issue to Owner an approval of CM/GC's final application for payment with a copy to the CM/GC or notify the CM/GC and Owner in writing of the Owner's Authorized Representative's reasons for withholding approval of any part of the application for payment, which disapproval shall include Owner's Authorized Representative's estimate of the amount that is due Contractor under the application for payment.

14.4 Payment Disputes. If Owner's accountants report the Cost of the Work as substantiated by the CM/GC's final accounting to be less than claimed by the CM/GC or if Owner's Authorized Representative declines to approve any duly submitted payment request by CM/GC, the CM/GC shall be entitled to demand a review by the Owner's highest contracting authority of the disputed amount. Such demand shall be made by the CM/GC within 30 Days after the CM/GC's receipt of a copy of the rejection of the application for payment; failure to demand additional review within this 30-Day period shall result in the substantiated amount reported by Owner's accountants becoming binding on the CM/GC. In addition, If Owner or any other state agency performs a subsequent audit of the Cost of the Work and determines any item therein to have been unsubstantiated or that CM/GC was otherwise overpaid, CM/GC shall have 30 Days after delivery of request for reimbursement by Owner to demand additional review by Owner's highest contracting authority; failure to make such demand within this 30 Day period shall result in the requested reimbursement becoming unconditionally due and payable by CM/GC. If CM/GC timely submits a protest to the Agency's highest contracting authority, CM/GC's Claim shall be subject to the claims review process in Section 4.C. of the General Conditions. Pending a final resolution, Owner shall pay the CM/GC the amount of the application for payment approved by the Owner's Authorized Representative.

14.5 Effect of Payment. Neither approval of an application for payment, a progress payment, release of retainage, of final payment, or partial or entire use or occupancy of the Project by the Owner shall constitute acceptance of work not conforming to the Contract Documents, or waiver of the right to assert overpayment.

ARTICLE 15 **TERMINATION OR SUSPENSION**

15.1 Owner's Right to Terminate Prior to Execution of GMP Amendment. Prior to execution by both parties of the GMP Amendment, the Owner may terminate this Contract at any time without cause. Upon such termination, the amount to be paid to the CM/GC shall not exceed the Preconstruction Fee payable to the date of termination, together with amounts payable for Early Work if an Early Work Amendment has been executed. If Owner terminates for

convenience during the Preconstruction Phase, Owner shall be entitled to copies of, and shall have the right to use, all work product of CM/GC and its Subcontractors performed to the date of termination, and CM/GC shall deliver copies of the same to Owner on request.

15.2 Owner's Termination for Convenience after GMP Amendment. After the GMP Amendment is executed by both parties, the Contract may be terminated by Owner without penalty for convenience pursuant to Section 10.E. of the General Conditions in which case CM/GC shall be entitled to payment of the amount stated in Article 15.1 together with the actual Cost of the Work, plus the CM/GC's Fee prorated based on the actual Cost of the Work to the date of termination, but in any event not in excess of the GMP.

15.3 Owner's Termination for Cause. In the event of termination of this Agreement by Owner for cause pursuant to Section 10.D of the General Conditions, the amount, if any, to be paid to the CM/GC after application of the General Conditions and Owner's rights at law shall not exceed the amount the CM/GC would be entitled to receive under Article 15.2.

15.4 CM/GC Termination for Cause. CM/GC acknowledges that disputes regarding payments and Change Orders may occur as part of the CM/GC process, and that Owner's declining to pay disputed amounts shall not be grounds for suspension of the Work or termination for cause by CM/GC. If CM/GC terminates this Contract for Owner's material breach, the amount to be paid to CM/GC shall not exceed the amount CM/GC would have been entitled to receive under Article 13 above through termination and demobilization from the Project, with the CM/GC Fee prorated based on the actual Cost of the Work through the date of termination.

15.5 Assignment of Subcontracts. Each subcontract and supply contract for any portion of the Work is hereby irrevocably assigned by the CM/GC to the Owner, provided that such assignment is effective only after termination of this Contract by the Owner, and only for those subcontracts and supply contracts which the Owner accepts by notifying the Subcontractor/supplier and CM/GC in writing. For those subcontracts and supply contracts accepted by Owner, if the Work has been suspended for more than 30 Days, the Subcontractor's/supplier's compensation shall be equitably adjusted for increases in cost resulting from the suspension. CM/GC shall include a provision in each subcontract and supply agreement whereby the Subcontractor/supplier acknowledges Owner's rights under this Article 15.5. With respect to any subcontracts/supply contracts that are not accepted by Owner, the provisions of Section 2.K.2 of the General Conditions shall apply.

ARTICLE 16 **REPRESENTATIONS AND WARRANTIES**

- 16.1.3** CM/GC's execution and delivery of the Contract and the consummation of the transactions contemplated hereby will not conflict with or result in a material breach of any terms or provisions of, or constitute a material default under, (i) CM/GC's Articles of Incorporation or Bylaws; (ii) any note, bond, mortgage, indenture, license, lease, contract, commitment, agreement or other instrument or obligation to which CM/GC is a party or by which CM/GC may be bound; or (iii) any statute, order, writ, injunction, decree, rule or regulation applicable to CM/GC;
- 16.1.4** No material consent, approval, authorization, declaration or other order of, or registration or filing with, any court or regulatory authority or any third person is required for the valid execution, delivery and performance of the Contract by CM/GC or its consummation of the transactions contemplated hereby;

 - 2.Q.2.a. Materials and equipment
 - 2.Q.2.b. All required taxes, less applicable trade discounts;
 - 2.Q.2.c. Contractor's costs for unloading and handling at the site,
 - 2.Q.2.d. Labor and installation costs
 - 2.Q.2.e. Overhead, profit and other expenses contemplated for stated allowance amounts.
- 2.Q.3. Whenever costs are more than or less than allowances, the Contract Price shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect the difference between actual costs and the allowances under Section 2.Q.2.
- 2.Q.4. As may be required, the Contractor shall provide to the Owner's Authorized Representative a proposed not to exceed or fixed price for any allowance work prior to its performance.

2.R. UNIT PRICES

- 2.R.1. The Contract will set forth any unit prices which shall be additive/deductive price unless otherwise set forth. Unless otherwise set forth in the Contract the unit price shall cover any and all costs related to that work to include but not limited to Direct Costs and Overhead.
- 2.R.2. The Owner may establish not to exceed costs for unit prices based on estimates quantities or volumes of work to be completed. Contractor shall track any and all unit costs and provide documentation to the Owner's Authorized Representative and give prompt notice if any not to exceed costs are likely to be exceeded prior to its performance.
- 2.R.3. A Change Order will be issued to make any adjustments to not to exceed unit costs.

2.S. SUBMITTALS, SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

- 2.S.1. The Owner may establish and the Contractor shall keep current, for the Architect's/Engineer's review (or for the approval of Owner's Authorized Representative if approval authority has not been delegated to the Architect/Engineer), a schedule and list of Submittals which is coordinated with the Contractor's construction schedule and allows the Architect/Engineer reasonable time to review Submittals. Owner reserves the right to finally approve the schedule and list of Submittals. Submittals include, without limitation, Shop Drawings, Product Data, and Samples which are described below:
- 2.S.1.a. Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor (including any sub-subcontractor), manufacturer, supplier or distributor to illustrate some portion of the Work.
 - 2.S.1.b. Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.
 - 2.S.1.c. Samples are physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.
- 2.S.2. Shop Drawings, Product Data, Samples and similar Submittals are not Contract Documents. The purpose of their Submittal is to demonstrate for those portions of the Work for which Submittals are required by the Contract Documents the way by which the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents. Review of Submittals by the Architect/Engineer is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, or for approval of safety precautions or, unless otherwise specifically stated by the Architect/Engineer, of any construction means, methods, techniques, sequences or procedures, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect/Engineer's review of the Contractor's Submittals shall not relieve the Contractor of its obligations under the Contract Documents. The Architect/Engineer's review and/or approval of a specific item shall not indicate approval of an assembly of which the item is a component. Informational Submittals upon which the Architect/Engineer is not expected to take responsive action may be so identified in the Contract Documents. Submittals which are not required by the Contract Documents may be returned by the Architect/Engineer without action.
- 2.S.3. Prior to submitting Shop Drawings, Product Data, Samples and similar Submittals, the Contractor shall review all components for compliance with the Contract Documents. By submitting the Submittal, Contractor represents that Contractor has determined and verified all materials, field measurements and field construction criteria related thereto, or will do so, and has checked and coordinated the information contained within such Submittals with the requirements of the Work and of the Contract Documents.
- 2.S.4. The Contractor shall submit to the Architect/Engineer Shop Drawings, Product Data, Samples and similar Submittals required by the Contract Documents with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of separate contractors. Submittals which are not marked as reviewed for compliance with the Contract Documents and approved by the Contractor may be returned by the Architect/Engineer without action.
- 2.S.5. The Contractor shall perform no portion of the Work for which the Contract Documents require Submittal and review of Shop Drawings, Product Data, Samples or similar Submittals until the respective Submittal has been reviewed by the Architect/Engineer.

- 2.S.6. The Work shall be in accordance with approved Submittals except that the Contractor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect/Engineer's review of Shop Drawings, Product Data, Samples or similar Submittals unless the Contractor has specifically informed the Architect/Engineer in writing of such deviation at the time of Submittal and (i) the Architect/Engineer has given written approval to the specific deviation as a minor change in the Work, or (ii) a Construction Change Directive or Change Order has been executed by Owner's Authorized Representative authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples or similar Submittals by the Architect/Engineer's review or approval thereof.
- 2.S.7. In the event that Owner elects not to have the obligations and duties described under this Section 2.S performed by the Architect/Engineer, or in the event no Architect/Engineer is employed by Owner on the project, all obligations and duties assigned to the Architect/Engineer hereunder shall be performed by the Owner's Authorized Representative.

2.T. SUBSTITUTIONS

The Contractor may make Substitutions only with the consent of the Owner, after written request by the Contractor has been evaluated and accepted in writing by the Owner's Authorized Representative. Substitutions shall be subject to the requirements of the Contract. By making requests for Substitutions, the Contractor represents that the Contractor has investigated the proposed substitute product; represents that the Contractor will provide the same or better warranty for the Substitution that the Contractor would for the product originally specified unless approved otherwise; certifies that the cost data presented is complete and includes all related costs under this Contract including redesign costs, and waives all claims for additional costs related to the Substitution which subsequently become apparent; and will coordinate the installation of the accepted Substitution, making such changes as may be required for the Work to be completed in all respects.

2.U. USE OF PLANS AND SPECIFICATIONS

Plans, Specifications and related Contract Documents furnished to Contractor by Owner or Owner's Architect/Engineer shall be used solely for the performance of the Work under this Contract. Contractor and its Subcontractors including but not limited to manufacturers and suppliers are authorized to use and reproduce applicable portions of such documents appropriate to the execution of the Work, but shall not claim any ownership or other interest in them beyond the scope of this Contract, and no such interest shall attach. Unless otherwise indicated, all common law, statutory and other reserved rights, in addition to copyrights, are retained by Owner.

2.V. FUNDS AVAILABLE AND AUTHORIZED

The Owner reasonably believes at the time of entering into this Contract that sufficient funds are available and authorized for expenditure to finance the cost of this Contract within the Owners budget appropriation. Contractor understands and agrees that, to the extent that sufficient funds are not available and authorized for expenditure to finance the cost of this Contract, Owner's payment of amounts under this Contract attributable to work performed after the last day of the current budget period is contingent on the Owner receiving additional appropriations, limitations or other expenditure authority for this work sufficient to allow the Owner, in the exercise of its reasonable administrative discretion, to continue to make payments under this Contract in the next budget period. If additional funds are not made available to finance the cost of this Contract, this Contract will be Terminated according to Section 10.E.

2.W.NO THIRD PARTY BENEFICIARIES

Owner and Contractor are the only parties to this Contract and are the only parties entitled to enforce its terms. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.

3.B. BUSINESS AND WORKFORCE EQUITY POLICY

Owner seeks to extend subcontracting opportunities to State of Oregon certified Minority-Owned, Women-Owned and Emerging Small businesses (collectively, “M/W/ESBS”) in order to promote their economic success and growth. Contractor is encouraged to make every effort to utilize M/W/ESB firms for any subcontracting opportunities under this contract and maintain a diverse workforce. See the Supplemental General Conditions for additional requirements, if any.

3.C. PAYROLL CERTIFICATION; SPECIAL RETAINAGE REQUIREMENTS

Contractor or contractor’s surety and every subcontractor or subcontractor’s surety shall file certified payroll statements with the public contracting agency in writing, pursuant to ORS 279C.845.

If Contractor is required to file certified statements under ORS 279C.845, the public contracting agency shall retain twenty-five percent (25%) of any amount earned by the Contractor on the public works project until the Contractor has filed with the public agency certified statement as required by ORS 279C.845. The public contracting agency shall pay the Contractor the amount retained within fourteen (14) days after the Contractor files the required certified statements, regardless of whether a subcontractor has failed to file certified statements required by statute. The Contractor shall retain twenty-five percent (25%) of any amount earned by a first-tier subcontractor on this public works contract until the subcontractor has filed with the public agency certified statements as required by ORS 279C.845. The Contractor shall pay the first-tier subcontractor the amount retained within fourteen (14) days after the subcontractor files the certified statements as required by ORS 279C.845. Neither the public agency nor the Contractor is required to verify the truth of the contents of certified statements filed by a first-tier subcontractor.

3.D. PROMPT PAYMENT AND CONTRACT CONDITIONS

3.D.1. Pursuant to ORS 279C.505 the Contractor shall:

- 3.D.1.a. Promptly pay all of its obligations arising out of or in connection with the Work, including, but not limited to, to all persons supplying to Contractor labor, equipment or materials for the prosecution of the Work provided for in this Contract.
- 3.D.1.b. Pay all contributions or amounts due the State Industrial Accident Fund from such Contractor or Subcontractor incurred in the performance of the Contract.
- 3.D.1.c. Not permit any lien or claim to be filed or prosecuted against the Owner on account of any labor or material furnished. Contractor will not assign any claims that Contractor has against Owner, or assign any sums due by Owner, to Subcontractors, suppliers, or manufacturers, and will not make any agreement or act in any way to give Subcontractors a claim or standing to make a claim against the Owner.
- 3.D.1.d. Pay to the Department of Revenue all sums withheld from employees pursuant to ORS 316.167.

3.D.2. Pursuant to ORS 279C.515, Contractor agrees:

- 3.D.2.a. If Contractor fails, neglects or refuses to make prompt payment of any claim for labor or services furnished to the Contractor or a Subcontractor by any person in connection with the project as such claim becomes due, the proper officer(s) representing the

Owner may pay the claim and charge the amount of the payment against funds due or to become due Contractor under this Contract. Payment of claims in this manner shall not relieve the Contractor or the Contractor's surety from obligation with respect to any unpaid claims.

- 3.D.2.b. If the Contractor or a first-tier Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the public contract for a public improvement within thirty (30) days after receipt of payment from Owner or a contractor, the contractor or first-tier Subcontractor shall owe the person the amount due plus interest charges commencing at the end of the 10-day period that payment is due under ORS 279C.580(3) and ending upon final payment, unless payment is subject to a good faith dispute as defined in ORS 279C.580. The rate of interest charged to the Contractor or first-tier Subcontractor on the amount due shall equal three times the discount rate on 90-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district that includes Oregon on the date that is thirty (30) days after the date when payment was received from Owner or from the Contractor, but the rate of interest shall not exceed thirty percent (30%). The amount of interest may not be waived.
- 3.D.2.c. If the Contractor or a Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the Contract, the person may file a complaint with the Construction Contractors Board, unless payment is subject to a good faith dispute as defined in ORS 279C.580. Every contract related to this Contract shall contain a similar clause.
- 3.D.3. Pursuant to ORS 279C.580, Contractor shall include in each subcontract for property or services entered into by the Contractor and a first-tier Subcontractor, including a material supplier, for the purpose of performing a construction contract:
 - 3.D.3.a. A payment clause that obligates the Contractor to pay the first-tier Subcontractor for satisfactory performance under its subcontract within ten (10) days out of such amounts as are paid to the Contractor by Owner under the Contract;
 - 3.D.3.b. An interest penalty clause that obligates the Contractor if payment is not made within thirty (30) days after receipt of payment from Owner, to pay to the first-tier Subcontractor an interest penalty on amounts due in the case of each payment not made in accordance with the payment clause included in the subcontract pursuant to paragraph 3.D.3.a of this subsection. Contractor or first-tier Subcontractor shall not be obligated to pay an interest penalty if the only reason that the Contractor or first-tier Subcontractor did not make payment when payment was due is that the Contractor or first-tier Subcontractor did not receive payment from Owner or Contractor when payment was due. The interest penalty shall be for the period beginning on the day after the required payment date and ending on the date on which payment of the amount due is made; and shall be computed at the rate specified in ORS 279C.515(2).
 - 3.D.3.c. A clause which requires each of Contractor's Subcontractors to include, in each of their contracts with lower-tier Subcontractors or suppliers, provisions to the effect that the first-tier Subcontractor shall pay its lower-tier Subcontractors and suppliers in accordance with the provisions of subsections (a) and (b), above and requiring each of their Subcontractors and suppliers to include such clauses in their subcontracts and supply contracts.

Compensation coverage, unless such employers are exempt under ORS 656.126. Contractor shall ensure that each of its Subcontractors complies with these requirements.

3.E. HOURS OF LABOR

- 3.E.1. Contractor shall comply with ORS 279C.520, as set forth more specifically within these General and Supplementary Conditions.
- 3.E.2. Pursuant to ORS 279C.520, no person shall be employed to perform Work under this Contract for more than ten (10) hours in any one day or forty (40) hours in any one week, except in cases of necessity, emergency or where public policy absolutely requires it. In such instances, Contractor shall pay the employee at least time and a half pay:
 - 3.E.2.a. For all overtime in excess of eight (8) hours a day or forty (40) hours in any one week when the work week is five consecutive days, Monday through Friday; or

 - 3.E.2.c. For all Work performed on Saturday and on any legal holiday specified in ORS 279C.540.
- 3.E.3. This Section 3.E will not apply to Contractor's Work under this Contract if Contractor is currently a party to a collective bargaining agreement with any labor organization.
- 3.E.4. This Section 3.E shall not excuse Contractor from completion of the Work within the time required under this Contract.
- 3.E.5. Contractor shall obtain prior approval from Owner's Authorized Representative prior to the overtime Work being performed. Unless otherwise agreed to in writing by the Owner's Authorized Representative, all premium and overtime costs are the sole responsibility of the Contractor.

3.F. PAYMENT FOR MEDICAL CARE

Pursuant to ORS 279C.530 Contractor shall promptly, as due, make payment to any person, partnership, association or corporation furnishing medical, surgical, and hospital care or other needed care and attention, incident to sickness or injury, to the employees of such Contractor, all sums of which the Contractor agrees to pay for such services and all moneys and sums which the Contractor has collected or deducted from the wages of personnel pursuant to any law, contract or agreement for the purpose of providing or paying for such services.

4. CHANGES IN THE WORK

4.A. CHANGES IN WORK

- 4.A.1. It is mutually agreed that changes in Plans, Specifications, quantities, or details of construction are inherent in the nature of construction and may be necessary or desirable during the course of construction.
- 4.A.2. Contractor and Owner further agree that it is inherent in any construction project that minor deviations and conflicts occur between the Plans, Specifications and other design documents and that minor unforeseen issues may be found at the project site. The Owner's Authorized Representative reserves the right to reasonably determine what are minor deviations, conflicts and/or unforeseen conditions. These minor deviations, conflicts and/or unforeseen conditions are not changes in the Work.
- 4.A.3. Contractor must have the Owner's Authorized Representative's written authorization prior to proceeding with any changes in the Work. Beginning any changes in the Work without such authorization, unless otherwise provided for in the Contract Documents, will be considered as

within the scope of the Work of the Contract with no change to the Contract Price or Contract Time.

- 4.A.4. All changes to the Contract, including changes to the Work, Contract Price, Contract Time, changes to Plans and Specifications, shall be made by Change Order executed by the parties and shall be signed by a person legally authorized by the Contractor.
- 4.A.5. The terms of this Contract shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Owner's Authorized Representative, and then only in a manner consistent with the Construction Change Field Directive and /or Change Order provisions of this Section 4.A and after any necessary approvals required by public contracting laws have been obtained. Otherwise, a formal contract amendment is required which shall not be effective until its execution by the parties to this Contract and all approvals required by public contracting laws have been obtained.
- 4.A.6. Within the general scope of this Contract, the Owner's Authorized Representative may at any time, without notice to the sureties and without impairing the Contract, require changes consistent with this Section 4.A. All Change Order Work shall be executed under the conditions of the Contract Documents. Such changes may include, but are not limited to:
 - 4.A.6.a. Modification to the Contract agreement.
 - 4.A.6.b. Modification to the Supplemental Conditions.
 - 4.A.6.c. Modification of Specifications and Plans.
 - 4.A.6.d. Increases or decreases in quantities.
 - 4.A.6.e. Increases or decreases to the amount of Work.
 - 4.A.6.f. Addition or elimination of any Work item.
 - 4.A.6.g. Change in the duration of the project.
 - 4.A.6.h. Acceleration or delay in performance of Work.
 - 4.A.6.i. Additive or deductive changes.
 - 4.A.6.j. Unforeseen conditions.
 - 4.A.6.k. Equitable Adjustments of any Work.
- 4.A.7. Deductive changes are those that reduce the scope of the Work, and shall be made by Equitable Adjustment whenever feasible. In cases of suspension or partial termination under Section 10, Owner reserves the right to unilaterally impose a deductive change and to self-perform such Work, for which the provisions of Section 2.M shall then apply. Adjustments in compensation shall be made under the provisions of Section 4.A.8.c in which costs for deductive changes shall be based upon a Direct Costs adjustment together with the related percentage markup specified for profit, Overhead and other indirect costs, unless otherwise agreed to by Owner.
- 4.A.8. The Owner and Contractor agree that Change Order Work shall be administered and compensated according to the following:
 - 4.A.8.a. **Unit pricing.** Unit pricing may be utilized at the Owner's option when unit prices or solicitation alternates were provided or further established by Change Order that established the cost for additional Work, and a binding obligation exists under the Contract on the parties covering the terms and conditions of the additional Work. Unless otherwise set forth in the Contract unit prices are either additive or deductive to be based on actual Work units performed. The Owner may establish a maximum not to exceed cost which shall not be exceeded without additional authorization by the Owner's Authorized Representative.
 - 4.A.8.b. **Fixed pricing.** If the Owner elects not to utilize unit pricing, or in the event that unit pricing is not available or appropriate as determined by Owner's Authorized Representative, fixed pricing may be used for Change Order Work. In fixed pricing the basis of payments or total price shall be agreed upon in writing between the parties to

the Contract, and shall be established before the Work is done whenever feasible. The mark-ups set forth in Section 4.A.8.c shall be utilized by the parties as a guide in establishing fixed pricing, and will not be exceeded without adequate justification. Detailed cost and price data relating to fixed pricing shall be supplied by Contractor to Owner upon request, but Owner shall be under no obligation to make such requests.

- 4.A.8.c. **Direct cost reimbursement.** In the event the Owner's Authorized Representative determines that unit pricing and fixed pricing will not be utilized, then Change Order Work shall be performed on a cost reimbursement basis for Direct Costs. Such Work shall be compensated on the basis of the actual, reasonable and allowable cost of labor, equipment, and material furnished on the Work performed. In addition, the following markups shall be added to the Contractor's Direct Costs as full compensation for profit, Overhead and other indirect costs for Work directly performed with the Contractor's own forces:

Fee Percentage as stated in the CM/GC contract Article 6.1

The following markup shall be added to the Subcontractor's Direct Costs as full compensation for Overhead, profit, and all costs that were incurred by the Contractor for Change Order Work:

Fee Percentage as stated in the CM/GC contract Article 6.1

When Change Order Work under Section 4.A.8.c is invoiced by an authorized Subcontractor at any level, each ascending tier Subcontractor will be allowed a supplemental 15% mark-up on each piece of subcontract Work covered by such Change Order.

Owner may establish a maximum not-to-exceed cost for Change Order Work which shall not be exceeded for reimbursement without additional written authorization from Owner.

- 4.A.8.d. **Determination of Price by Owner.** Upon review and approval of Changes in Work, the Owner's Authorized Representative shall issue a Construction Change Field Directive or Change Order for determining the proposed adjustment in the Contract Price or Contract Time. Upon receipt of a Construction Change Field Directive or Change Order, Contractor shall promptly advise the Owner's Authorized Representative in writing of Contractor's agreement or disagreement with the method. If Contractor does not respond promptly or disagrees with the method for adjustment, and Owner makes a written request for the work to proceed anyway, the method and the adjustment shall be determined by Owner as set forth in Section 4.A.8.c direct cost reimbursement. In such case, Contractor shall keep and present (and at all times allow Owner to audit as provided in Section 2.I above) an itemized accounting of costs together with appropriate supporting data.

- 4.A.9. Any necessary adjustment of Contract Time that may be required as a result of a Change Order must be agreed upon by the parties before the start of the Change Order Work unless Owner's Authorized Representative authorizes Contractor to start the Work before agreement on Contract Time adjustment.

- 4.A.10. Notification

- 4.A.10.a. Contractor shall submit in writing any request for additional compensation and /or additional Contract Time to Owner's Authorized Representative as soon as possible but no later than ten (10) days after Contractor first knows or reasonably should have known of the event alleged to have given rise to the changed condition. If Contractor's request for additional compensation or adjustment of Contract Time is not made within the ten (10) day time limit, Contractor's requests pertaining to that Change Order are barred. The ten (10) day time limit for making requests shall not be extended for any reason, including without limitation Contractor's claimed inability to determine the amount of additional compensation or adjustment of Contract Time, unless an extension is granted in writing by Owner.
- 4.A.10.b. The ten (10) day time limit applies to claims of Subcontractors, suppliers, or manufacturers that may be affected by the Change Order and that request additional compensation or an extension of Contract Time to perform.
 - 4.A.10.b.1. Contractor has responsibility for contacting its Subcontractors, suppliers, or manufacturers within the ten (10) day time limit, and including their requests with Contractor's requests.
 - 4.A.10.b.2. If the request involves Work to be completed by Subcontractors, or materials to be furnished by suppliers or manufacturers, such requests shall be submitted to the Contractor in writing with full analysis and justification for the compensation and additional Contract Time requested. The Contractor will analyze and evaluate the merits of the requests submitted by Subcontractors, suppliers, and manufacturers to Contractor prior to including those requests and Contractor's analysis and evaluation of those requests with Contractor's requests for additional compensation or Contract Time that Contractor submits to the Owner's Authorized Representative.
 - 4.A.10.b.3. The Owner will not consider direct requests or claims from Subcontractors, suppliers, manufacturers or others not a party to this Contract.
- 4.A.10.c. Unforeseen Conditions. The Contractor shall notify in writing the Owner's Authorized Representative immediately but no later than ten (10) days after Contractor first knows or reasonably should have known of differing site conditions. Contractor shall to the extent possible without further disturbance of the specific area, perform other work while the unforeseen conditions are being investigated. The Owner's Authorized Representative will investigate the area and make a determination as to whether or not the conditions differ materially from either the conditions stated in the Contract Documents or those which could reasonably be expected in execution of this particular Contract. If Contractor and the Owner's Authorized Representative agree that a differing site condition exists, any additional compensation or additional Contract Time will be determined based on the process set forth in Section 4.A.8 for Change Order Work.
- 4.A.11. If the Owner's Authorized Representative denies the Contractor's request for additional compensation or an extension of Contract Time, the Contractor may proceed to file a Claim under Section 4.C, Claims Resolution Procedures.
- 4.A.12. The consideration of such requests and claims under this section does not give any person, not a party to the Contract the right to bring a claim against the Owner, whether in this claims process, in litigation, or in any dispute resolution process.

4.B. DELAYS

4.B.1. Delays in construction include “Avoidable Delays”, which are defined in Section 4.B.1.a, and “Unavoidable Delays”, which are defined in Section 4.B.1.b. The effect of Avoidable Delays is described in Section 4.B.2 and the effect of Unavoidable Delays is described in Section 4.B.3.

4.B.1.a. **Avoidable Delays** include any delays other than Unavoidable Delays, and include delays that otherwise would be considered Unavoidable Delays but that:

- 4.B.1.a.1. Materially affect or delay the Contractor proceeding with the Work and could have been avoided by the exercise of care, prudence, foresight, and diligence on the part of the Contractor or its Subcontractors.
- 4.B.1.a.2. Affect only a portion of the Work and do not necessarily prevent or delay the prosecution of other parts of the Work or the completion of the whole Work within the Contract Time.
- 4.B.1.a.3. Do not impact activities on the Owner approved baseline critical path schedule.
- 4.B.1.a.4. Caused by Contractor or Subcontractor in sequencing of work, delay in fabrication, obtaining trade permits and any permit inspections, equipment failure, material shipment delay or other related actions not caused by Force Majeure acts, events or occurrences.
- 4.B.1.a.5. Are associated with the reasonable interference of other contractors employed by the Owner that do not necessarily prevent the completion of the whole Work within the Contract Time.

4.B.1.b. **Unavoidable Delays** include delays other than Avoidable Delays that are:

- 4.B.1.b.1. Caused by any actions of the Owner, Owner’s Authorized Representative, or any other employee or agent of the Owner, or by separate contractor employed by the Owner that materially affect or delay the Contractor proceeding with the Work.
- 4.B.1.b.2. Caused by or resulting from any Unforeseen Conditions if the Owner’s Authorized Representative determines such conditions differ materially from either the conditions stated in the Contract Documents or those which could reasonably be expected in execution of this particular Contract.
- 4.B.1.b.3. Caused by Force Majeure acts, events or occurrences that could not have been avoided by the exercise of care, prudence, foresight, and diligence on the part of the Contractor or its Subcontractors.
- 4.B.1.b.4. Caused by adverse weather conditions. Any adverse weather conditions must be substantiated by documentary evidence that weather conditions were abnormal for the specific time period claimed, could not have been anticipated by the Contractor, and adversely impacted the project in a manner that could not be avoided by rescheduling the Work or by implementing measures to protect against the weather so that the Work could proceed. A rain, windstorm, high water, snow or other natural phenomenon for the specific locality of the Work, which might reasonably have been anticipated from the previous 10-year historical records of the general locality of the Work, shall not be construed as abnormal. The parties agree that rainfall greater than the following levels cannot be reasonably anticipated:
 - 4.B.1.b.4.(a). Daily rainfall equal to, or greater than, 0.50 inch during a month when the monthly rainfall exceeds the normal monthly average by twenty-five percent (25 %) or more.

- 4.B.1.b.5. The Office of the Environmental Data Service of the National Oceanic and Atmospheric Administration of the U.S. Department of Commerce nearest the

project site shall be considered the official agency of record for weather information or closest regional airport.

- 4.B.2. Except as otherwise provided in ORS 279C.315, Contractor shall not be entitled to additional compensation or additional Contract Time for Avoidable Delays.
- 4.B.3. In the event of Unavoidable Delays, based on principles of Equitable Adjustment, Contractor may be entitled to the following:
 - 4.B.3.a. Contractor may be entitled to additional Contract Price or additional Contract Time, or both, for Unavoidable Delays described in Sections 4.B.1.b.1 and 4.B.1.b.2.
 - 4.B.3.b. Contractor may be entitled to additional Contract Time for Unavoidable Delays described in Sections 4.B.1.b.3 and 4.B.1.b.4.
 - 4.B.3.c. In the event of any requests for additional compensation or additional Contract Time, or both, as applicable, arising under this Section 4.B.3 for Unavoidable Delays, other than requests for additional compensation or additional Contract Time for unforeseen site conditions for which a review process is established under Section 4.B.1.b.2, Contractor shall submit a written notification of the delay to the Owner's Authorized Representative within two (2) days of the occurrence of the cause of the delay. This written notification shall state the cause of the potential delay, the project components impacted by the delay, and the anticipated additional Contract Time or the additional compensation, or both, as applicable, resulting from the delay. Within ten (10) days after the cause of the delay has been mitigated, the Contractor shall submit to the Owner's Authorized Representative, a complete and detailed request for additional compensation or additional Contract Time, or both, as applicable, resulting from the delay. If the Owner's Authorized Representative denies Contractor's request for additional compensation or adjustment of Contract Time, the Contractor may proceed to file a Claim under Section 4.C, Claims Resolution Procedures. If Contractor does not timely submit the notices required under this Section 4.B, then unless otherwise prohibited by law, Contractor's Claim shall be barred.

4.C. CLAIMS RESOLUTION PROCEDURES

- 4.C.1. This section outlines the exclusive procedure to be followed if the Contractor believes that it is entitled to additional compensation, additional Contract Time or both. This section applies to all Claims for additional compensation and all requests for additional Contract Time, regardless of whether the basis for the Claim for additional compensation, or request for additional Contract Time, or both, stems from the performance of extra work, changed work, disputes, excusable delays of any nature, suspension of Contract work, or any other reason whatsoever.
- 4.C.2. When the Contractor believes it is entitled to be paid more than the Contract Amount, the Contractor shall notify the Owner's Authorized Representative in writing before beginning any work for which additional compensation is sought. The written Notice shall include:
 - 4.C.2.a. A description of the event that requires additional compensation;
 - 4.C.2.b. The estimated amount of the additional cost to the Owner; and
 - 4.C.2.c. Any Contract provision(s) that support the Claim.
- 4.C.3. When an event occurs that the Contractor believes entitles it to more time to complete the Work than Contract Time permits, the Contractor shall notify the Owner's Authorized Representative in writing when the event occurs. The written Notice shall include:
 - 4.C.3.a. A description of the event that permits additional Contract Time;
 - 4.C.3.b. An estimate of the delay that the event will cause; and
 - 4.C.3.c. Any Contract provision(s) that support the request for additional Contract Time.

- 4.C.4. If the Contractor does not provide written Notice of a Claim for additional compensation or additional Contract Time in the time required, the Claim for additional compensation, additional Contract Time, or both, is waived.
- 4.C.5. If the Owner agrees with the Contractor's request for additional compensation or Contract Time the parties shall negotiate a Change Order setting forth their agreement. If the Owner disagrees, the Contractor shall do the following:
 - 4.C.5.a. Continue promptly with the work, including any extra work required by the Owner so the Project is not delayed;
 - 4.C.5.b. Keep complete records of its costs in the manner set forth under Section 4.A.8.c direct cost reimbursement provisions. The Owner also may elect to keep such records to eliminate later confusion. The keeping of such records by either Contractor or Owner does not mean that any Claim is valid; and
 - 4.C.5.c. Submit documentation supporting the request for additional compensation, additional time or both.
- 4.C.6. The Contractor's request for additional compensation shall be supported by all documentation substantiating the amount of additional compensation to which it is entitled. The documentation shall include all information required under Section 4.A.8.c direct cost reimbursement and other relevant documentation, such as payroll records, purchase orders, quotations, invoices, estimates, profit and loss statements, daily logs, ledgers and journals.
 - 4.C.6.a. The documentation shall be submitted within thirty (30) days following completion of any work for which a Claim of additional compensation has been made.
 - 4.C.6.b. If the Contractor contends that it will incur costs beyond the thirty (30) day time period that should be included in the Claim, the Contractor shall notify the Owner's Authorized Representative of this fact in writing and provide an estimate of that cost. Thereafter the Contractor shall provide the Owner with additional documentation when the remainder of its additional costs is known.
 - 4.C.6.c. The Owner will rely on the accuracy of the Claim to make decisions regarding future expenditures. Failure to submit the Claim for Contract Price within thirty (30) days is a conclusive waiver of the Contractor's right to additional compensation.
 - 4.C.6.d. The Owner may request additional documentation from the Contractor at any time regarding a Claim. Failure to provide additional documentation when requested and when such documentation exists constitutes a waiver of that portion of the Contractor's Claim to which the additional documentation relates.
- 4.C.7. Any request for additional Contract Time shall be supported by documentation that includes a) a description of the event on which the request is based, and b) all information, including a schedule analysis, that shows that the event delayed completion of the Project as a whole.
 - 4.C.7.a. The Contractor shall submit the documentation within thirty (30) days following the completion of the event that caused the delay and for which additional Contract Time is sought.
 - 4.C.7.b. The Owner will rely on the accuracy of the Claim to make decisions regarding future expenditures. Failure to submit the Claim for Contract Time within 30 (thirty) days is a conclusive waiver of the Contractor's right to additional compensation.
 - 4.C.7.c. The Owner may request additional documentation from the Contractor at any time regarding a Claim. Failure to provide additional documentation when requested and when such documentation exists constitutes a waiver of that portion of the Contractor's Claim to which the additional documentation relates.
- 4.C.8. Following receipt of all required documentation, and after the Owner's Authorized Representative has had sufficient period of time to review it in light of work responsibilities, the

Owner's Authorized Representative and the Contractor's Superintendent or project manager shall meet to attempt to resolve the matter if either party requests it. The parties mutually agree to share all relevant information, clearly define issues and exchange proposed methods of resolution in efforts to reasonably resolve and settle the matter. It is the expressed desire of both parties to attempt to reasonably and equitably resolve any and all issues at this step. The parties may agree to convene follow-up discussions as may be reasonable and necessary to reach a proposed solution or range of solutions. If Owner determines that the Contractor has not provided required documentation, the Owner may still meet with Contractor to discuss any claim without waiver of the Owner's right to later assert that the Contractor's claim has been waived for failure to submit documentation.

- 4.C.9. If the Claim cannot be resolved, it shall be referred to persons with higher authority on the part of the Contractor and the Owner, who also shall have the authority to resolve the Claim. Those persons shall meet for negotiations at a mutually agreed upon time and place after having had a sufficient time to review the Claim. The Owner's or designee's decision shall be final and shall exhaust the Contractor's administrative remedies for resolution of any and all Claims.
- 4.C.10. If the matter is not resolved by voluntary mediation, all claims, disputes, and other matters in question between Owner and Contractor arising out of, or relating to the Contract Documents, or the breach thereof except for claims which may have been waived by the making or acceptance of final payment or for acquisition of property subject to eminent domain, may be decided by arbitration. Owner shall have the sole discretion as to whether or not dispute will be decided by arbitration conducted in Deschutes County, Oregon, rather than through the court process.
- 4.C.10.a. No demand for arbitration of any claimed dispute or other matter shall be effective until after a claim or demand is made to Owner, and its Board, at its next regularly scheduled meeting, has rendered a written decision with respect thereto denying the claim or demand. No demand for arbitration of any such claim, dispute, or other matter shall be made later than thirty (30) days after the date on which the Owner has rendered its decision under 4.C.9, above. The failure to demand arbitration within said 30 days shall result in Owner's decision being binding upon Owner and Contractor.
- 4.C.10.b. Notice of demand for arbitration shall be filed in writing with the other party to the Contract. The demand for arbitration shall be made within the 30 day period specified above. Owner, if not the party demanding arbitration, has the option of allowing the matter to proceed with arbitration, or by written notice within five (5) days after receipt of a demand for arbitration, reject arbitration and require the other party to proceed through the courts for relief. Arbitration shall be conducted under the Uniform Arbitration Act, ORS 36.600 et seq. If the parties are unable to mutually select an arbitrator within twenty (20) days following Owner's decision to pursue arbitration, each party shall then select an arbitrator, and the two arbitrators shall select a single arbitrator. The arbitrator(s) shall have substantial experience in construction disputes. The parties agree that any award rendered by the arbitrator(s) will be final, and judgment may be entered upon the award in any court having jurisdiction thereof, and will not be subject to modification or appeal except to the extent permitted by Oregon law.
- 4.C.10.c. If suit, action or arbitration is brought either directly or indirectly to rescind, interpret or enforce the terms of this agreement, the prevailing party shall recover and the losing party hereby agrees to pay reasonable attorney's fees incurred in such proceeding, in both the trial and appellate courts, as well as the costs and disbursements. Further, if it becomes necessary for Owner to incur the services of an attorney to enforce any provision of this Contract without initiating litigation, Contractor agrees to pay Owner's

attorney's fees so incurred. Such costs and fees shall bear interest at the maximum legal rate from the date incurred until the date paid by losing party.”

- 4.C.11. The procedures specified in this Section shall be the sole and exclusive procedures for the resolution for disputes between the Owner and Contractor arising out of or relating to this agreement, except that either may seek preliminary judicial relief or an injunction to avoid irreparable damage. Despite any injunctive relief, the procedures specified in this Contract for the resolution of Claims shall remain applicable.
- 4.C.12. The Owner is not obligated under the Contract to provide additional Contract Time or additional compensation unless documentation submitted by the Contractor establishes its entitlement to additional compensation, additional Contract Time, or both. The parties agree that it is not a breach of contract to deny a request for additional compensation or request for additional Contract Time if the Contractor fails to submit adequate documentation substantiating its Claim or request for time.
- 4.C.13. The Owner will not consider and shall reject any and all Claims to include cost, schedule and/or Work submitted from subcontractors, suppliers, manufacturers or others not a party to the contract. All Claims shall be submitted by the General Contractor or entity named on the Contract documents.
- 4.C.14. Completion of Work During Claims Review
 - 4.C.14.a. Unless otherwise directed by Owner’s Authorized Representative, Contractor shall proceed with the work while any dispute or Claim of Contractor is pending. Regardless of the review period or the final decision of Owner, the Contractor shall continue to diligently pursue the work as identified in the contract documents or otherwise as directed by the Owner’s Authorized Representative. In no case is the Contractor justified or allowed to slow, stop or otherwise impede progress of work without a written “Stop Work Order” by the Owner’s Authorized Representative.
 - 4.C.14.b. Contractor shall not delay any request for interim or final payment application for any reason, including without limitation payment of subcontractors, suppliers, manufacturers or others not a party to this contract, due to lack of resolution of a dispute or Claim with Owner or any other person of matters arising out of or relating to the contract. If Contractor fails to submit its final payment application within ninety (90) days after Substantial Completion, and Contractor has not obtained written extension by Owner, all requests or Claims for additional Contract Price or an extension of Contract Time shall be waived.
 - 4.C.14.c. The Owner, at its sole discretion, pending resolution of any Claim or dispute, may authorize a unilateral Construction Change Field Directive or Change Order to direct the Contractor to perform work; authorize any estimates amounts for such directed work; authorize any extension to contract performance time; place in retainage or establish within retainage account any sum for outstanding Claims or take any other actions necessary in order to complete the project as set forth under the Contract.
 - 4.C.14.d. The Owner may, at its sole discretion, provide notice to the Contractor’s sureties of any pending claim, mediation, arbitration or other legal action.

5. PAYMENTS

5.A. SCHEDULE OF VALUES

- 5.A.1. The Contractor shall submit to the Owner's Authorized Representative for approval, at the preconstruction meeting and at least ten (10) days prior to submission of its first application for

progress payment, a Schedule of Values for the contracted Work. This schedule will provide a breakdown of values for the contracted Work and will be the basis for progress payments. The breakdown will demonstrate reasonable, identifiable, and measurable components of the Work.

- 5.A.2. Unless objected to by the Owner's Authorized Representative, this schedule shall be used as the basis for reviewing Contractor's applications for payment. If objected to by Owner's Authorized Representative, Contractor shall revise the schedule of values and resubmit the same for approval of Owner's Authorized Representative.

5.B. APPLICATIONS FOR PAYMENT

- 5.B.1. Owner shall make progress payments on the Contract monthly as Work progresses. Payments shall be based upon estimates of Work completed and the Schedule of Values. All payments shall be approved by the Owner's Authorized Representative and Architect/Engineer. A progress payment shall not be considered acceptance or approval of any Work or waiver of any defects therein.
- 5.B.1.a. Owner shall pay to Contractor interest on the progress payment, not including retainage, due the Contractor. The interest shall commence thirty (30) days after the receipt of invoice ("application for payment") from the Contractor or fifteen (15) days after the payment is approved by the Owner's Authorized Representative, whichever is the earlier date.
- 5.B.1.b. The rate of interest shall equal three times the discount rate on 90-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district that includes Oregon on the date that is thirty (30) days after receipt of the application for payment from the Contract or fifteen (15) days after the payment is approved by the Owner, whichever is the earlier date, but the rate of interest shall not exceed thirty percent (30%).
- 5.B.1.c. Notwithstanding the foregoing, in instances when an application for payment is filled out incorrectly, or when there is any defect or impropriety in any submitted application or when there is a good faith dispute, Owner shall so notify the Contractor within fifteen (15) days stating the reason or reasons the application for payment is defective or improper or the reasons for the dispute. A defective or improper application for payment, if corrected by the Contractor within seven (7) days of being notified by the Owner, shall not cause a payment to be made later than specified in this section unless interest is also paid. Accrual of interest will be postponed when payment on the principal is delayed because of disagreement between the Owner and the Contractor.
- 5.B.1.d. Owner reserves the right, instead of requiring the Contractor to correct or resubmit a defective or improper application for payment, to reject the defective or improper portion of the application for payment and pay the remainder of the application for payment that is correct and proper.
- 5.B.2. Contractor shall submit to the Owner's Authorized Representative and Architect an application for each payment on a form as provided or approved by Owner.
- 5.B.2.a. If required by Owner's Authorized Representative, Contractor shall submit receipts or other vouchers showing payments for materials and labor, including payments to Subcontractors.
- 5.B.2.b. Contractor shall include in its application for payment a schedule of the percentages of the various parts of the Work completed, based on the Schedule of Values, which shall aggregate to the payment application total, and shall include, on the face of each copy thereof, a certificate in substantially the following form:

"The undersigned Contractor certifies that to the best of the Contractor's Knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous Certificates for Payment were issued and payments received from the Owner, and that current payment shown herein is now due.

Signed: _____"

- 5.B.2.c. Each application for payment shall be signed by a person legally authorized by the Contractor.
- 5.B.3. Generally, applications for payment will be accepted only for Work performed on and materials delivered to the site. Under special conditions, at Owner's Authorized Representative sole discretion, applications for payment for stored materials or materials fabricated offsite may be accepted. Such a payment, if made, will be subject to the following conditions:
 - 5.B.3.a. The request for stored or fabricated offsite material shall be submitted at least fifteen (15) days in advance of the application for payment on which it appears. Applications for payment shall be entertained for major equipment, components or expenditures only.
 - 5.B.3.b. The Contractor shall submit applications for payment showing the quantity and cost of the material stored. Contractor will provide invoices or other verification of cost of the stored material in a form acceptable to the Owner, if requested.
 - 5.B.3.c. The material shall be stored in a bonded warehouse and identified for use only on this Work. Owner's Authorized Representative shall be granted the right to access the material for the purpose of removal or inspection at any time during the Contract Time.
 - 5.B.3.d. The Contractor shall name the Owner as coinsured on the insurance policy or builders risk policy covering the full value of the property while in the care and custody of the Contractor until it is installed. A certificate noting this coverage shall be issued to the Owner.
 - 5.B.3.e. Payments shall be made for stored materials or materials fabricated offsite only. The submitted amount of the application for payment shall be reduced by the cost of transportation and for the cost of an inspector to check the delivery at out of town storage sites. The cost of said inspection shall be borne solely by the Contractor.
 - 5.B.3.f. Upon payment by Owner, title and ownership of all stored materials or materials fabricated offsite will transfer to Owner.
 - 5.B.3.g. Payment for stored materials shall in no way indicate acceptance of the materials or waive any rights under this Contract for the rejection of the Work or materials not in conformance with the Contract Documents.
 - 5.B.3.h. All required documentation must be submitted with the respective application for payment.
- 5.B.4. The Owner reserves the right to withhold all or part of a payment, or may nullify in whole or part any payment previously made, to such extent as may be necessary in the Owner's opinion to protect the Owner from loss, including withholding from a progress payment or final payment up to two hundred percent (200%) of the potential or actual costs, because of:
 - 5.B.4.a. Work that is defective and not remedied, or that has been demonstrated or identified as failing to conform with the Contract Documents,
 - 5.B.4.b. Work has not been approved by special inspections, permit inspections or by field observation by Owner's Authorized Representative or Architect/Engineer,

- 5.B.4.c. Third party claims filed or evidence reasonably indicating that such claims will likely be filed unless security acceptable to the Owner is provided by the Contractor;
- 5.B.4.d. Failure of the Contractor to:
 - 5.B.4.d.1. submit certified payroll reports, in increments, as required,
 - 5.B.4.d.2. submit claim waivers and releases,
 - 5.B.4.d.3. make payments properly to Subcontractors or suppliers for labor, materials or equipment in which case Owner may issue checks made payable jointly to Contractor and such unpaid persons under this provision, or directly to Subcontractors and suppliers at any level under Section 3.D.2;
- 5.B.4.e. Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Price;
- 5.B.4.f. Damage to the Owner or another party;
- 5.B.4.g. Reasonable evidence that the Work will not be completed within the Contract Time required by the Contract, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay;
- 5.B.4.h. Failure to carry out the Work in accordance with the Contract Documents; or
- 5.B.4.i. Assessment of liquidated damages, when withholding is made for offset purposes.
- 5.B.5. Subject to the provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:
 - 5.B.5.a. Take that portion of the Contract Price properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the total Contract Price allocated to that portion of the Work in the Schedule of Values, less retainage as provided in Section 5.E.
 - 5.B.5.b. Include that portion of work completed under an approved Change Order; less retainage as provided in Section 5.E
 - 5.B.5.c. Add that portion of the Contract Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by the Owner pursuant to Section 5.B.3, suitably stored off the site at a location agreed upon in writing), less retainage as provided in Section 5.E;
 - 5.B.5.d. Subtract the aggregate of previous payments made by the Owner; and
 - 5.B.5.e. Subtract any amounts for which the Owner's Authorized Representative has withheld or nullified payment as provided in the Contract Documents.
- 5.B.6. Contractor's applications for payment may not include requests for payment for portions of the Work for which the Contractor does not intend to pay to a Subcontractor or material supplier.
- 5.B.7. The Contractor shall provide in each progress application for payment a 'conditional release' that warrants that upon submittal of an application for payment all Work for which payments are received from the Owner shall be free and clear of liens, claims, security interests or encumbrances in favor of the Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.
- 5.B.8. If Contractor disputes any determination by Owner's Authorized Representative with regard to any application for payment, Contractor nevertheless shall continue to prosecute expeditiously the Work. No payment made hereunder shall be or be construed to be final acceptance or approval of that portion of the Work to which such partial payment relates or shall relieve Contractor of any of its obligations hereunder.

5.C. PAYROLL CERTIFICATION REQUIREMENT

See, General Condition 3.C.

5.D. DUAL PAYMENT SOURCES

Contractor shall not be compensated for Work performed under this Contract from any other entity other than the Owner that is a party to this Contract.

5.E. RETAINAGE

5.E.1. Retainage shall be withheld and released in accordance with ORS 279C.550 to 279C.580:

5.E.1.a. Owner may reserve as retainage from any progress payment an amount not to exceed five percent (5%) of the payment. As Work progresses, Owner may reduce the amount of the retainage and may eliminate retainage on any remaining monthly Contract payments after fifty percent (50%) of the Work under the Contract is completed if, in the Owner's opinion, such Work is progressing satisfactorily. Elimination or reduction of retainage shall be allowed only upon written application by the Contractor, which application shall include written approval of Contractor's surety; except that when the Work is ninety seven and one half percent (97.5%) completed the Owner may, at its discretion and without application by the Contractor, reduce the retained amount to one hundred percent (100%) of the value of the Work remaining to be done. Upon receipt of written application by the Contractor, Owner shall respond in writing within a reasonable time.

5.E.1.b. In accordance with the provisions of ORS 279C.560 and further set forth under the Owner's Adopted Public Contracting Rules, unless the Owner finds in writing that accepting a bond, security or other instrument described in options 5.E.1.b.1 or 5.E.1.b.3 below poses an extraordinary risk that is not typically associated with the bond, security or instrument, the Owner will approve the Contractor's written request:

5.E.1.b.1. To be paid amounts which would otherwise have been retained from progress payments where Contractor has deposited acceptable bonds, securities or other instruments of equal value with Owner or in a custodial account or other mutually-agreed account satisfactory to Owner, with an approved bank or trust company to be held in lieu of the cash retainage for the benefit of Owner. Interest or earnings on the bonds, securities or other instruments shall accrue to the Contractor. The Contractor shall execute and provide such documentation and instructions respecting the bonds, securities and other instruments as the Owner may require to protect its interests. To be permissible the bonds, securities and other instruments must be of a character approved by the Owner, including but not limited to:

- 5.E.1.b.1.(a). Bills, certificates, notes or bonds of the United States.
- 5.E.1.b.1.(b). Other obligations of the United States or agencies of the United States.
- 5.E.1.b.1.(c). Obligations of a corporation wholly owned by the federal government.
- 5.E.1.b.1.(d). Indebtedness of the Federal National Mortgage Association.
- 5.E.1.b.1.(e). General obligation bonds of the State of Oregon or a political subdivision of the State of Oregon.
- 5.E.1.b.1.(f). Irrevocable letters of credit issued by an insured institution, as defined in ORS 706.008.

5.E.1.b.2. That retainage be deposited in an interest bearing account, in a form acceptable to Owner, in a bank, savings bank, trust company or savings association for the benefit of Owner, with interest from such account accruing to the Contractor; or

5.E.1.b.3. That the Contractor be allowed, with the approval of the Owner, to deposit a Surety bond for the benefit of Owner, in a form acceptable to Owner, in lieu of all or a portion of funds retained, or to be retained. Such bond and any proceeds there from shall be made subject to all claims and liens in the manner and priority as set forth for retainage under ORS 279C.550 to ORS 279C.625.

Where the Owner has accepted the Contractor's election of any of the options above, Owner may recover from Contractor any additional costs incurred through such election by reducing Contractor's final payment. Where the Owner has agreed to Contractor's request to deposit a surety bond, Contractor shall accept like bonds from Subcontractors and suppliers on the project from which Contractor has required retainage.

5.E.1.c. Contractor shall notify the Owner's Authorized Representative at least ten (10) days prior to the first application for payment if retainage is to be held in an interest-bearing account. The retainage held by Owner and any accrued interest shall be included in and paid to the Contractor as part of the final payment of the Contract Price. The Owner shall pay to Contractor interest at the rate of one and one-half percent (1.5%) per month on the final payment due Contractor, interest to commence thirty (30) days after the Work under the Contract has been completed and accepted and to run until the date Contractor shall notify Owner in writing when the Contractor considers the Work complete and Owner shall, within fifteen (15) days after receiving the written notice, either accept the Work or notify the Contractor of Work yet to be performed on the Contract. If Owner does not within the time allowed notify the Contractor of Work yet to be performed to fulfill contractual obligations, the interest provided by this subsection shall commence to run thirty (30) days after the end of the fifteen (15) day period.

5.E.1.d. In accordance with the provisions of ORS 279C.560, if the Owner accepts bonds, securities or other instruments deposited as provided in Sections 5.E.1.b.1 and 5.E.1.b.3 the Owner shall reduce the moneys held as retainage in an amount equal to the value of the bonds, securities and other instruments and pay the amount of the reduction to the Contractor in accordance with ORS 279C.570.

5.E.1.e. Contractor agrees that if Contractor elects to reserve a retainage from any progress payment due to any Subcontractor or supplier, such retainage shall not exceed five percent (5%) of the payment, and such retainage withheld from Subcontractors and suppliers shall be subject to the same terms and conditions stated in Section 5.E as apply to Owner's retainage from any progress payment due to Contractor. Provided, however, if in accordance with the provisions of ORS 279C.560 the Contractor has deposited bonds, securities or other instruments or has elected to have the Owner deposit accumulated retainage in an interest-bearing account, the Contractor shall comply with the provisions of ORS 701.435 respecting the deposit of bonds, securities or other instruments by Subcontractors and suppliers and the sharing of interest earnings with Subcontractors and suppliers.

5.E.2. The Owner reserves the right to deduct from the final release of retainage all costs for outstanding defective work and/or failure to comply with Contract and permit requirements.

5.F. FINAL PAYMENT

- 5.F.1. Upon reaching Substantial Completion and approval of the Owner's Authorized Representative that all punch-list work and all field work is complete, the Contractor shall make written request for final payment.
- 5.F.1.a. Upon receipt of such notice the Owner's Authorized Representative will inspect the Work, and if acceptable, submit to the Owner a recommendation as to acceptance of the completed Work and as to the final estimate of the amount due the Contractor. If the Work is not acceptable, Owner will notify Contractor within fifteen (15) days of Contractor's request for final payment.
- 5.F.1.b. Upon approval by the Owner of this final estimate of the amount due the Contractor and compliance by the Contractor with provisions in Section 11.C, and other provisions as may be applicable, the Owner shall release all retainage and any accrued interest if applicable and pay to the Contractor all monies due under the provisions of these Contract Documents.
- 5.F.1.c. The Owner's Authorized Representative will issue an acceptance letter to Contractor indicating all obligations of the Contract (except warranty provisions) have been completed.
- 5.F.2. Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Owner's Authorized Representative:
- 5.F.2.a. A notarized affidavit/release of liens and claims in a form satisfactory to Owner that states that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied;
- 5.F.2.b. A certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be canceled or allowed to expire until at least thirty (30) days' prior written notice has been given to the Owner;
- 5.F.2.c. Consent of surety, if any, to final payment; and
- 5.F.2.d. If required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens, claims, security interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner.
- 5.F.2.e. Submission of all close out documentation to the Architect of Record.
- 5.F.3. No request or Claim by the Contractor for additional costs or an extension of Contract Time shall be allowed if made after receipt of final payment application under this Contract.
- 5.F.4. Contractor shall not delay final payment application for any reason, including without limitation nonpayment of Subcontractors, suppliers, manufacturers or others not a party to this Contract, or lack of resolution of a dispute with Owner or any other person of matters arising out of or relating to the Contract. If Contractor fails to submit its final payment application within thirty (30) days after Final Completion, and Contractor has not obtained written extension by Owner, all requests or Claims for additional costs or an extension of Contract Time shall be waived.
- 5.F.5. 8. SCHEDULE OF WORK

8.A. CONTRACT TIME

8.A.1. Time is of the essence on this Contract. The Contractor shall at all times carry on the Work diligently, without delay and punctually fulfill all requirements herein. Contractor shall commence work upon written issuance of 'Notice to Proceed' by the Owner which will commence the Contract Time.

- 8.A.2. Dates of Substantial and Final Completion. Contractor shall achieve Substantial Completion of the entire Work not later than the date shown on the Contract agreement, subject to adjustments of the Contract Time as provided in any Change Orders or Amendments to the Contract. Contractor shall achieve Final Completion of the entire Work not later than the date shown on the Contract, subject to adjustments of this Contract Time as provided in the Contract Documents.
- 8.A.3. The Owner shall have the right to accelerate the completion date of the Work, which may require the use of overtime. Such accelerated Work schedule shall be an acceleration in performance of Work under Section 4.A.6.h and shall be subject to the Change Order process of Section 4.A.
- 8.A.4. Failure to complete the Work within the stipulated Contract Time may result in delay damages and Owner assessment of liquidated damages or other remedies as set forth in the Contract. See Article 5.5 of Owner Contract.
- 8.A.5. The Owner shall not waive any rights under the Contract by permitting the Contractor to continue or complete the Work or any part of it after the date described in Section 8.A.2 above.

8.B. SCHEDULE

- 8.B.1. Contractor shall provide, a detailed baseline schedule for review and acceptance by the Owner. The submitted schedule must illustrate Work by significant project components, significant labor trades, materials with long procurement lead times, broken down by project area, building and/or floor where applicable. The baseline schedule must indicate the date of Notice to Proceed, Substantial Completion and Final Completion.
- 8.B.2. Unless otherwise approved by the Owner’s Authorized Representative, each schedule item shall account for no greater than the proportion of the monetary value of the project or of the available Contract Time as provided in the table below.

If Contract Price is:	
\$0 – \$100,000	20%
\$100,000 - \$500,000	15%

Over \$1,000,000	5%

Schedules with activities of less than one day or valued at less than 1% of the Contract will be considered too detailed and will not be accepted. Schedules lacking adequate detail, or unreasonably detailed, will be rejected. Schedules must be updated at least monthly, or more frequently if required in the Specifications.

- 8.B.3. When requested by Owner’s Authorized Representative Contractor shall update the schedule to account for any approved changes in the Work and/or changed conditions.
- 8.B.4. Acceptance of the Schedule by the Owner does not constitute agreement by the Owner, as to the Contractor’s sequencing, means, methods, or allocated Contract Time. Any positive difference between the Contractor’s scheduled completion and the Contract completion date is float owned by the Owner. Owner reserves the right to negotiate the float if it is deemed to be in Owner’s best interest to do so. In no case shall the Contractor make a request for additional compensation for delays if the Work is completed within the Contract Time but after Contractor’s scheduled completion.

8.C. PARTIAL OCCUPANCY OR USE

- 8.C.1. The Owner may occupy or use any completed or partially completed portion of the Work at any stage, provided such occupancy or use is consented to by public authorities having jurisdiction

over the Work. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have reasonably accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, insurance or self-insurance, maintenance, heat, utilities, and damage to the Work, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents with respect to such portion of the Work.

Immediately prior to such partial occupancy or use, the Owner and Contractor shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work. Partial Owner occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

9. CORRECTION OF WORK

9.A. CORRECTION OF WORK BEFORE FINAL PAYMENT

The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects, and that the Work will conform to the requirements of the Contract Documents. Work failing to conform to these requirements shall be deemed defective. Contractor shall promptly remove from the premises and replace all defective materials and equipment as determined by the Owner's Authorized Representative, whether incorporated in the Work or not. Removal and replacement shall be without loss or expense to the Owner, and Contractor shall bear the cost of repairing all Work destroyed or damaged by such removal or replacement. The Contract shall stipulate the allowed period for defective corrective (punch list) work. At the end of that period, or earlier if requested by the Contractor, Owner shall arrange for inspection of the Work by the Owner's Authorized Representative and Architect/Engineer. Should the Work not be complete, and all corrections made, the costs for all subsequent re-inspections shall be borne by the Contractor. If Contractor fails to complete the punch list work within the stipulated period, without affecting Contractor's obligations Owner may perform such work and Contractor shall reimburse Owner for all costs by a reduction in Contract Price and/or withholding of release of retainage.

- 9.B.2. Contractor shall promptly correct, at no cost to Owner, all Work rejected by Owner and all Work rejected by such government representatives. Contractor warrants to Owner that the materials and equipment furnished under this Contract will be of good quality and new, unless otherwise required by the Contract Documents, that the Work will be free of defects, and that the Work will strictly conform to the Contract Documents and industry standards.
- 9.B.3. Neither the final certificate of payment nor any provision of the Contract Documents shall relieve the Contractor from responsibility for defective Work and, unless a longer period is specified, Contractor shall correct all defects that appear in the Work within a period of one (1) year from the date of issuance of the written notice of Substantial Completion by the Owner except for latent defects which will be remedied by the Contractor at any time they become apparent.

The Owner shall give Contractor notice of defects with reasonable promptness. Contractor shall perform such warranty work within a reasonable time after Owner's demand. Contractor shall perform warranty work with least impact to Owner use / operations. Contractor shall obtain and pay for any and all permits required for warranty work. If Contractor fails to complete the warranty work within such period as Owner determines reasonable, or at any time in the event of warranty work consisting of emergency repairs, without affecting Contractor's obligations, Owner may perform such work and Contractor shall reimburse Owner all costs of the same within thirty (30) days after demand.

- 9.B.4. This provision does not negate guarantees or warranties for periods longer than one year including without limitation such guarantees or warranties required by other sections of the Contract Documents for specific installations, materials, processes, equipment or fixtures.
- 9.B.5. In addition to Contractor's warranty, manufacturer's warranties shall pass to the Owner and shall not take effect until affected Work has been accepted in writing by the Owner's Authorized Representative. Contractor shall collect and submit to Owner, as a condition to Final Payment, all standard and special warranties from Subcontractors, distributors, and manufacturers, and assign to Owner all rights under such warranties. All of the warranties above are in addition to, and not in lieu of, other remedies Owner may have, all of which are fully reserved by Owner.
- 9.B.6. The one-(1) year period for correction of Work shall be extended with respect to portions of Work performed after Substantial Completion by the period of time between Substantial Completion and the actual performance of the Work, and shall be extended by corrective Work performed by the Contractor pursuant to this Section, as to the Work corrected. The Contractor shall remove from the site portions of the Work which are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.
- 9.B.7. Nothing contained in this Section 9.B shall be construed to establish a period of limitation with respect to other obligations which the Contractor might have under the Contract Documents. Establishment of the period for correction of Work as described in this Section 9.B relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.
- 9.B.8. If the Owner prefers to accept Work which is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Price will be reduced as appropriate and equitable as set forth by Change Order Section 4.

10. SUSPENSION AND/OR TERMINATION OF THE WORK

10.A. OWNER'S RIGHT TO SUSPEND OR STOP THE WORK

- 10.B.2. When the Work is recommenced after the suspension or stop work, the Contractor shall replace or renew any Work damaged during the suspension, remove any materials or facilities used as part of temporary maintenance, and complete the project in every respect as though its prosecution had been continuous and without suspension.

10.C. COMPENSATION FOR SUSPENSION OR STOP WORK

2. With respect to Owner, this obligation shall be null and void if Contractor:
